# Krider's GLORIES of the GARDEN

1896  
1938

## SAUCER MAGNOLIA

*Magnolia Soulangiana*

The most decorative and most popular of the hardy Magnolias. Rose colored blooms measure from 3 to 5 inches across and make a beautiful showing. Magnolia Soulangiana begins blooming when about 3 feet tall. It will eventually attain a height of from 8 to 10 feet. 2-3 feet, \$2.00.

## LILY FLOWERING MAGNOLIA

*Magnolia Lillyflora*

One of the hardest and finest of all the Magnolias. Flowers measure from 5 to 7 inches across, and are a beautiful purple shade outside, while the inside is a delicate waxen white. Price, 18-24 inches, \$2.50.

## STAR MAGNOLIA

*Magnolia Stellata*

This variety is very scarce and when one is seen in bloom it creates a sensation. Flowers are star shaped and come in such profusion as to completely hide the plant. Very hardy, blooms when scarcely 2 ft. high. Be sure to get this rare Magnolia. Price, 18-24 inches, \$2.50.

We Suggest That You Get the Complete Collection of These Magnolias. They are Worth Many Times the Amount We Ask for Them and When They are Growing and Blooming on Your Grounds You Would Refuse to Part With Them at Any Price. All Sent Postpaid.

KRIDER

NURSERIES, INC.  
MIDDLEBURY, IND. U.S.A.

<sup>2</sup> NOTE: No orders booked or shipped C. O. D. unless 25 per cent of the amount accompanies the order.

## Plant Only The Best Nursery Stock

No matter what you plant, always remember there is one thing necessary for success. No matter how much you pay; no matter how much you water, fertilize, hoe or cultivate; no matter how much you prune or spray—to grow good plants you must plant quality stock to begin with. Be safe and buy from Krider.

### FIVE REASONS WHY KRIDER'S PLANTS ARE BETTER

1st—We grow in large quantities and have over 300 acres of growing nursery stock. We ship to thousands of customers all over the world.

2nd—The different soils we have here are adapted to the growing of many different varieties so that we can grow a larger variety at a lower cost of production than is elsewhere the case.

3rd—Our Northern Indiana climate produces a strong, sturdy plant which cannot be bettered anywhere in the United States.

4th—Our methods and facilities insure the stock planted, grown, dug, packed, and shipped according to best approved methods.

5th—Besides state and government inspection, our own rigid inspection of each plant that leaves this nursery has made Krider stock world-famous.

## GENERAL INFORMATION

**LOCATION:** Our plant is located at Middlebury, Ind. Here we have our offices and 420 acres of as fine nursery growing land as can be found. We are on U. S. 20 from Boston to Chicago, half way between LaGrange, Ind., and Elkhart, Ind. Ten miles northeast of Goshen, Ind., and 12 miles south of U. S. 112, which you leave at White Pigeon, Mich. Indiana 13 passes through our grounds.

**CLAIMS:** All claims for shortage must be made inside of ten days after goods are received. If stock is not satisfactory, complaint must be made at once. No attention will be paid to claims received months after the goods have been received.

**REMITTANCES:** Make same by express money order, post office, draft, or registered letter. Checks from responsible persons are also taken. Please do not send stamps and please make your order for at least one dollar.

**REFERENCES:** First State Bank, Middlebury, Indiana; Elkhart County Trust Company, Goshen, Indiana, or any bank or business house in Elkhart County.

Poughquag, N. Y.  
Sept. 1, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: The shrubs and other plants received from you last spring were, all in all, the healthiest nursery stock I have ever received. They were packed so masterly and carried so well that each package, when opened, looked as though its contents had been just dug from my own garden! I was rather hesitant about ordering Koster Blue Spruce and Azaleas from such a distance, without soil on roots, but distance, I've learned doesn't mean a thing. Evergreens purchased within my own county have not reacted as beautifully as those that came from you. There was never a sign of wilt among any of them; not even among the tender shoots of perennial phlox, all of which have developed into large clumps and have been a riot of color the past five or six weeks. Yours very truly, A. E.

Brownwood, Tex.  
Feb. 4, 1937.

Gentlemen: I am enclosing an order for 6 Salmon Glow Phlox. I want to say the hedge plants I got from you last spring every one grew and are doing fine this season. Please send the Phlox as early as you can, as our season is early down here.

Mrs. L. E. M.

Bangkok, Siam  
28th December, 1933

The Krider Nurseries,  
Middlebury, Indiana,  
U. S. A.

Gentlemen,

We beg to thank you for your splendid packing which you have done your very best care and attention especially consignment intends to send aboard. The trees and plants, viz- The rose and flower plants arrived here from your country in a perfect condition and it is a wonder that not even a single plant dry and dead. We can not help to admire you for such being done.

We are, Dear Gentlemen,  
Yours faithfully,  
T. Hanill  
For Dang Toi Nursery

# Krider's Gilt Edged Guarantee

We guarantee to deliver nursery stock anywhere in good growing condition AND WILL REPLACE FREE OF CHARGE any that fails to grow. If you think it was the fault of the stock in any way, this guarantee insures you against loss. The only condition being, should any nursery stock purchased from us fail to live and grow, such losses MUST be reported not later than July 1, 1938. After this date no attention will be paid to complaints, except that new stock will be furnished at half price provided we are notified by September 15, 1938. We believe our customers will agree that by this date the quality of the stock is established, and losses after this are due to circumstances beyond our control.

Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks, and breathes, and is subject to attacks of insects, diseases and drought. We guarantee that each plant, shrub, and tree shall be true to name, otherwise we will replace free of charge or refund purchase price of any proven not to be so.

We guarantee that each plant, shrub, and tree shall be of a size and quality as shown in this catalog, and that it will reach customer in good growing condition. We will replace any stock not in good condition when it reaches you. (Note: If stock is damaged, please favor us by getting agent to sign receipt to the effect; this will enable us to collect damages.)

You will find us at all times willing to do anything we can to please you. With us the customer is always right. However, it is mutually agreed between ourselves and customer that we cannot be held liable for any amount greater than the original purchase price.

## EXTRA KRIDER SERVICE

## TO OUR OLD CUSTOMERS AND NEW FRIENDS WE GIVE THIS EXTRA SERVICE

Remember, if you order from Krider, we send full and complete planting instructions with each order.

This is a service which makes it easy for even a novice to grow beautiful plants and flowers. Order from Krider.

## Use This Coupon-- Save 20%

Cut out this coupon and enclose with an order of \$5.00 or over, before March 15th, and you may select 20 per cent additional in stock from any plants in this catalog. We do this so that early orders may be distributed over a longer period and handled with a smaller working force, and we gladly pass this saving on to our customers.

Use the coupon, order now. Your plants will be shipped at date you specify, or at proper planting time. Remember, this coupon must accompany order, and be in the mail by March 15th.

#### ROSE LOVERS EVERYWHERE

Each year hundreds of new Roses are introduced. It would be almost impossible to catalog them all, and a customer would be utterly bewildered in trying to make a selection if all were listed. Therefore we have adopted the policy of selecting what, in our estimation, are the 12 outstanding Roses of the year and making up this All-American Collection. We do not just select 12 roses at random. 20,000 miles were covered the past 2 seasons inspecting roses and rose gardens throughout the country. These varieties are successful in 43 other states. Each one must have proven itself hardy, of good color, easy to grow and of good blooming habit. In fact, each must possess the qualities you would expect to find in an All-American. The 12 outstanding roses pictured here, we believe, are the best roses grown for all locations. They will do well for

# ROSES

**American Beauty:** The old favorite, fragrant, deep pink rose. Always in demand.

**Ami Quinard:** One of the best of the so-called Black roses. Long pointed blackish buds open into large cup shaped black-scarlet blooms.

**Austrian Copper:** One of the most intensely colored of all the garden roses. Glowing orange copper flecked with gold. A real garden gem.

**Autumn:** Of late introductions we regard Autumn as one of the best. A very heavy blooming rose of rich color, varying from brownish orange to brilliant copper. Exceptionally long blooming season.

**Briarcliff:** A magnificent rose of silvery pink. Large flowers borne profusely on a sturdy bush. Beautiful in bud or when open.

**Caledonia:** An excellent white Scottish rose, sturdy stock and beautiful blooms.

**Chateau de Clos Vougeot:** A so-called Black Rose. Hardy bush produces an immense number of rich darkest red flowers with blackish overcast.

**Columbia:** One of the greatest pink roses ever introduced and the parent strain of many of today's beautiful pink shades. Excellent in bud and glowing in its beauty when open. One of the best of the old favorites.

**Condesa de Sastago:** One of the most distinguished of the Spanish roses. Bush is of exceptional hardiness and habit. Free blooming with blooms of a peculiar two-tone shade of orange, bronze and gold.

**Dame Edith Helen:** Twelve years after its introduction Dame Edith Helen is even now one of the truly great pink roses. Vigorous and sturdy, it bears flowers of a shade and size found in scarcely any other rose.

**"Daily Mail" Scented:** A rose of rare and exquisite fragrance and unsurpassed for color, which is a blend of brilliant crimson and scarlet shades.

**Duquesa de Penaranda:** Another of the great Spanish roses. Two-toned, orange copper and gold, flowers are borne in abundance on a sturdy bush.

**E. G. Hill:** Without doubt one of the greatest of all the red roses. Will thrive and do well with ordinary attention and produce immense numbers of beautiful deep, rich glowing red blooms over a long period.

**Edith Nellie Perkins:** This rose has earned a high place both for its sheer beauty and for its strong vigorous habit of growth and bloom. Outer petals are of a shimmering silvery pink while the deeper center petals blend to a soft shade of rose-coral.

**Etoile de France:** A dependable rose of crimson hues which grows well and blooms profusely.

**Etoile de Hollande:** The standard of comparison whenever red roses are mentioned. Each blossom is a specimen and they are borne in abundance on a bush which thrives under most any condition, even partial shade.

**Fluffy Ruffles:** Beautiful shade of clear glowing pink.

**Frau Karl Druschki:** Sometimes called the White American Beauty. The greatest blooming white rose yet developed. Will thrive under all conditions.

**Gypsy Lass:** Rich deep scarlet-crimson with blackish shadings. A rose which is well worth adding.

**Golden Dawn:** One of the most satisfactory and best of all the yellow roses. Flowers of a supreme yellow borne continually on a strong low bush.

**Golden Moss:** A hybrid moss rose which will delight you with its glowing yellow blooms borne on a large bush with beautiful moss foliage.

**Hinrich Gaede:** For those who revel in two-toned roses we know of no better one than Hinrich Gaede. Peculiar orange-red and gold blend to make this an outstanding rose in any garden.

**Heinrich Wendland:** Another superior two-toned rose. Flashing coral-red streaked with dark gold make this unique among roses. A vigorous plant.

**Irish Elegance:** A superbly colored single rose. Rich deep apricot shades make this a color spot for any rose garden. Very hardy and a good grower.

**Joanna Hill:** One of the best of the great line of roses developed by the Hill family. A surpassing shade of rich deep yellow blending to bronze at the base. Excellent for cutting or beautiful to let open.

**Killarney, Pink:** A rose which always stands as a standard when speaking of pink roses. Color is a sparkling, shimmering shade of pink in blooms excellently formed and produced in abundance.

**Killarney, Double White:** All the characteristics of the Pink Killarney described except the flowers are of a pure white. Very double and large.

**Lady Hillingdon:** Strong vigorous plant producing an abundance of rich apricot-yellow flowers. One of the favorite yellow roses.

**Leonard Barron:** One of the newer roses of great promise. Strong grower and produces quantities of extra large double blooms of a very pleasing blend of salmon and pink.

**Los Angeles:** When first introduced, this rose created a sensation, and, although twenty years have passed, it still ranks high in popular favor. A really reliable light pink rose.

**Lucie Marie:** For real beauty of individual flower, Lucie Marie cannot be surpassed. Beautiful blendings of orange, apricot and gold.

**Luxembourg:** A magnificent rose of beautiful coppery yellow. Free blooming and good in any garden.

## ALL *Roses* SENT POSTPAID

**Editor McFarland:** Many proclaim this beautiful creation to be the greatest of the deep pink roses. Comparatively new, it has proven generally satisfactory, and is a valuable addition to any rose garden.

**Edel:** Immense waxy white blooms of superior form, borne in great profusion on a vigorous bush whose stems hold every flower erect.

**M. G. A. Van Rossem:** One of the finest introductions by a family of distinguished rosarians. A rich golden orange with veins of red and shadings of yellow.

**Mme. Joseph Perraud:** A distinctive French introduction of rich, deep, coppery yellow. The plant is strong, and is an abundant bloomer, and is exceptionally good for cutting.

# All Our ROSES Are 2-Yr. No. 1, Field Grown Plants

**Mme. Albert Barbier:** One of the frost bloomers of the rose family. Large double flowers of a peculiar blending of salmon, yellow and orange-yellow.

**Max Krone:** Bids fair to acquire many of the honors for yellow roses. Buds are long pointed, reddish orange, opening into superb deep yellow.

**Margaret McGredy:** An excellent rose of free blooming habit. Flowers are a delightful shade of scarlet borne continuously all season.

**McGredy's Scarlet:** Another pleasing introduction of the famous McGredy family. A truly dependable scarlet rose both for growth and bloom.

**Mrs. Chas. Bell:** When we say that this is a sport of the world-famous Radiance family we can give no higher recommendation. All of the habits of that group plus a coloring of a rich, warm, salmon pink.

**Mrs. Lovell Swisher:** Lovely buds of rich copper opening into flowers of a slightly lighter shade. Heartily recommended for all growers of roses.

**Mrs. Pierre S. duPont:** One of the best of the newer introductions. A rose of surpassing beauty and generally dependable. Deep rich yellow.

**Mrs. Sam McGredy:** All the hardiness and goodness of the McGredy roses are found in this beautiful creation. Blended tones of orange and copper.

**Mary, Countess of Heshester:** One of the old favorite standards in a deep pink.

**Norman Lambert:** Bronze and yellow are softly blended to make this an outstanding rose. Has the characteristics of the McGredy family to recommend it.

**Pink Radiance:** Every grower of roses in the world is familiar with the old reliable Pink Radiance. It is accepted as a necessity in all rose beds.

**President Herbert Hoover:** Announced the day Hoover was elected president, it has grown in popularity until it is now accepted as one of the greatest of all time. Unsurpassed for coloring, hardiness, and free blooming. Shades of red, orange, coral, and gold blend to make it a world favorite.

**Roslyn:** Although only presented in 1929, Roslyn has earned a place among the famous yellow roses. Flowers hold their bud shape well and it is a rose much planted for greenhouse as well as garden.

**Roselandia:** A dependable rose of clear golden color and delightful fragrance.

**Red Radiance:** Too well known to need description. When we say it is of the Radiance family we can add no further word to emphasize its value.

**Red Talisman:** A clear beautiful red sport of the famous Talisman. Buds last well and color remains through bloom. An excellent rose.

**Sony, de Mme. C. Chainhard:** One of the new introductions. Each flower is a masterpiece of richness in its deep pink blendings. Blooms held on strong stems. Plant is a good grower and hardy.

**Sunburst:** One of the Pernet productions. A variety noted for the length of time it will hold its long, pointed buds. Opens into a double medium-sized flower of delightful yellow and orange.

**Talisman:** The one rose known the world over for more good traits than any other rose. Brilliant shadings of red, copper, orange and gold, free blooming habit, hardiness and general utility have made this one of the most generally grown roses.

**Ville de Paris:** One of the last contributions of Pernet-Deneher. A truly magnificent clear yellow rose which richly deserves the medals it has won.

**Willowmere:** A beautiful combination of clear pink and yellow so softly blended that it is almost pastel. Plant thrives well under average conditions, and the rose is generally satisfactory.

**Yellow Talisman:** This great yellow rose we recommend to all. Has the beauty of bud and general characteristics of Talisman to recommend it.

## PATENTED ROSES

**Alezane** (Plant Pat. No. 116): One of the most striking roses yet introduced. Rose, apricot and copper shades. \$1.50 each; 3 for \$3.75, Postpaid.

*The  
Famous*

**NEW YELLOW TALISMAN.** A sport of Talisman. One of the hardiest and most outstanding new ever-blooming roses. Holds its cup-shaped flowers much longer than any rose we have ever seen. You who are looking for a real yellow rose will be wise to add Yellow Talisman to your collection.

**75 cents each, postpaid**

**RED TALISMAN.** This red sport Talisman is the latest addition to the family. Strong-growing, hardy, produces deep red blooms of highest quality. Equal in merit to Talisman and Yellow Talisman.

**75 cents each, postpaid**

**YELLOW TALISMAN**

## TALISMAN FAMILY TRIO

**TALISMAN.** This most sensational rose of all times has been awarded more gold medals than any other American production. Brilliant orange-red buds open to a fragrant bloom of glowing yellow stained with copper, red and orange. The plant is vigorous and hardy, with glossy green foliage.

**50 cents each, postpaid.**

**THE FAMOUS TALISMAN COLLECTION—Everblooming, No. 1—2 yr.

## RADIANCE ROSE COLLECTION

No. 1—2 Year, Field Grown, Everblooming

**K. A. VICTORIA**

**RED RADIANCE.** Large globular flowers are of an even shade of clear red without a trace of any other color.

**SALMON RADIANCE** (Mrs. Chas. Bell). The most beautiful of the radiance family with the fine qualities of pink and red radiance.

**PINK RADIANCE.** Gloriously formed flowers, immense in size, exquisite in fragrance.

**K. A. VICTORIA.** The white Rose without a fault.

## HYBRID PERPETUAL & RUGOSA ROSES

**35c Each; 3 for \$1.00, Postpaid**

**AMERICAN BEAUTY.** Very large and double, deep rich rose with delightful fragrance. Grown by the millions for cut flowers.

**HENRY NEVARD.** A newer introduction to the hardy roses. A large flower of crimson-scarlet color.

**FRAU KARL DRUSHKI** (or White American Beauty). A white rose without a fault. A vigorous grower producing very large blossoms.

**PAUL NEYRON.** One of the best for outdoor culture. Probably the largest rose in commerce. The flowers are often six inches in diameter. Fragrant clear-pink blossoms shading to rose. A vigorous hardy plant.

**F. J. GROOTENDORST.** The leading Rugosa, a very hardy and vigorous rose with dazzling red blooms.

**BELLE POITEVINE.** (An Eskimo Beauty). The blooms are large and full, the petals gracefully incurved. Bright, clear, lively pink.

**HANSA.** Handsome in bud and bloom. Both are large, very full and double. The color is rich maroon red.

**SIR THOMAS LIPTON.** The flowers are of pure white, borne in graceful clusters.

American Beauty

### HOW TO GROW ROSES

Consider these simple instructions: Sunny location. The soil should be clean and mellow, with fertilizer thoroughly worked in, well rotted manure being the best. The plants should be unpacked as soon as received from the nursery and planted. If unable to plant them immediately upon receiving them, they should be heeled-in (buried) in moist, loose earth, awaiting time to plant. In planting they should be set 2 or 3 inches deeper than they stood in the nursery. Dig the holes big enough so that the roots may be naturally spread out. Make sure all the fibrous roots are firmly packed by sifting and tramping. Be particular to soak the fresh planting and never allow it to dry out or the soil to cake. After planting throw up a small mound of earth 5 or 6 inches high around each plant. Then cut off the branches about 1 inch above mound, leaving it this way for ten days or two weeks, or until buds start to grow. Then the dirt mound can be raked down. Roses handled this way rarely fail to grow. If roses are planted with the tops left exposed to the sun and drying winds, they are almost sure to shrivel before time for them to grow. Roses should be planted from 18 to 24 inches apart. Rugosa roses are used in the same way as shrubs. Polyantha roses (Baby Ramblers) in massed beds or borders. They bloom all summer.

WE  
GUARANTEE  
OUR ROSES TO  
GROW  
See Page 3

### SPECIAL AUSTRIAN COPPER

A late introduction of the old favorite garden varieties. Should be planted by itself, as it grows three or four feet in height. It is especially good for corner or border plantings. When blooming it is a very beautiful sight with its single flowers of the most brilliant copper-scarlet colors completely covering the bush. A very hardy variety, and needs no pruning or special care. Producing flowers year after year.

Price, 50c each; Three for \$1.25, Postpaid.

### SPECIAL CLIMBING RED RADIANCE

All of the wonderful habits of the great Red Radiance rose now available in a climber.

A fast growing rose of free blooming habit. Hardy and resistant to disease. Great trusses of beautiful red roses in typical radiance fashion. Don't pass this offer up if are looking for a great climbing rose.

Only  
Each **50c**

KRIDER'S CHOICEST  
**CLIMBING ROSES**

**35c EACH; THREE FOR \$1.00, POSTPAID**

**CLIMBING AMERICAN BEAUTY.** The old favorite climbing rose. A vigorous grower, producing large flowers of a red color. Very hardy.

**DR. VAN FLEET.** Blossoms extra large, resembling Tea Roses in shape and size. Color, a delicate flesh pink. A good cutting variety.

**BLUE RAMBLER.** A truly wonderful climbing rose with blue flowers, fading to magenta. A rapid grower and heavy bloomer.

**PAUL'S SCARLET**

**PAUL'S SCARLET.** A good climbing variety, combining vigorous growth and hardiness with large brilliant scarlet flowers, which last very well.

**CRIMSON RAMBLER.** One of the most popular of the climbers. A rapid grower. Perfectly hardy, producing rich clusters of vivid crimson flowers.

**WHITE DOROTHY PERKINS.** A pure white sport from Dorothy Perkins, with which it is identical in variety and habits. A valuable addition to the hardy climbing class.

**DOROTHY PERKINS.** Beautiful shell-pink, which hold for a long time, shading to a lovely deep rose. Very sweetly scented, hardy, strong grower.

Cover those unsightly spots around your home with a few climbing roses.

**GLORIA MUNDI.** Brilliant orange-scarlet flowers in huge clusters.

**KIRSTEM POULSEN.** Single bright scarlet flowers of medium size, borne in clusters.

**ORLEANS.** One of the finest of the pink polyanthas.

**LAFAYETTE.** Loose clusters; its individual flowers 3 inches wide, semi-double and prettily ruffled, strung together in great branching sprays of as many as 40. Brilliant cherry-crimson color.

**WORLD'S MOST BEAUTIFUL  
FLOWERING HEDGE**

**Rosa Hugonis**

**Beautiful foliage. Yellow flowers.**

**Plant 1½ feet apart.**

**Ten for \$2.50**

**BEST CLIMBER COLLECTION**

**Each, 50c; Three for \$1.25, Postpaid**

**JACOTTE.** Quite distinct in this class—not only fragrant but rich in heretofore unknown color shades. The bud is orange-yellow. The 2½-inch flower (clustered up to 10) is light salmon orange shaded red and yellow.

**SPANISH BEAUTY.** Today's wonder rose, possessing a delightful fragrance rare in hardy climbers. A choice cut flower. The color is charming, maroon in the bud, carmine to pearly pink as the perfumed petals unfold.

**EVERBLOOMING CRIMSON RAMBLER.** One of the most popular of the climbers. A rapid grower and producing flowers in rich clusters of vivid crimson. Occasional blooms throughout the summer.

MONTEZUMA

MONTEREY

SANTA ANN

MONTE ALBA

As though in worship the Lilideum opens its petals toward the rising sun, unfolds its gorgeous blooms upright at noon time, turns its head toward the declining sun and dies with the setting thereof. Blooms appear and die over a period of a month.

This rare flower, a native of Mexico, the most outstanding and most admired flower in our Gardens at the World's Fair, grows 2 ft. tall. We offer 4 new varieties: Montezuma, rich deep rose; Monterey, coral red; Santa Ann, bright yellow; Monte Alba, white. Bulbs require same treatment given gladioli. No. 1. bulbs will bloom this year.

One of each of the six illustrated, including one beautiful bright Red Hauptman Kohl Phlox, for only

\$1

**DELPHINIUM** (Larkspur)—Delphiniums are the most beautiful hardy plants in cultivation. They increase in size, and often in quantity, year after year and bloom from spring until fall. We have dark blue and light blue.

**PYRETHRUM** (Painted Daisy) — Daisy-like flowers in white and colors. The flowers are borne on long stems and are fine for cutting. Fern-like foliage.

**AQUILEGIA** (Columbine)—As a cut flower the Long Spurred Aquilegias are the dainties of our outdoor grown flowers.

**GAILLARDIA** (Grandiflora) — Probably one of the most universally planted of the hardy perennial flowers. Conspicuous for its profusion of bloom. Flowers of intense blood-crimson margined with golden yellow. 24 inches.

**CANTERBURY BELLS** — Large open, bell-shaped flowers in a variety of colors. Note: These come in mixed colors and we cannot guarantee color.

**PLATYCODON** (Balloon Flower)—June to October. Large, showy, deep blue flowers. Good for rock garden and border.

## FINEST HARDY PERENNIALS

Perennials on this page are field-grown. 2-year plants; 20c each; 3 for 55c; \$1.65 per dozen. Pre-paid.

### HARDY ASTERS

**AMELLUS ELEGANS**—Grows from 12 to 15 inches high and produces large showy flowers of a rich bluish violet during July and August. Its free flowering habit and compact growth make it a most desirable subject for the front border.

**CLIMAX**—One of the best and showiest with large pyramidal spikes of large light lavender blue flowers. Very free bloomer.

**MRS. RAYNOR**—An exceedingly free flowering variety of a brilliant deep red color. It stays in bloom a long time and is a very desirable addition to any garden.

**ARTEMISIA (Silver King)**—A striking, effective white-leaved contrast plant. A beautiful "mist" for setting off bouquets and floral combinations. Silver King is a vigorous quick-growing plant with a close network of branches, fine-stemmed and slender-leaved.

**SWEET WILLIAM (Dianthus Barbatus)**—One of the most popular old-fashioned garden plants. Their freedom of blooming, striking colors and pleasing fragrance make them a favorite of all flowers. Fine for cutting. August and September.

**GYPSOPHILA Paniculata (Baby Breath)** A beautiful old-fashioned plant possessing a grace not to be found in any other perennial and attracting the eye of everyone.

**STATICE LATIFOLIA**—Beautiful misty effect when in bloom. Produces minute purplish blue flowers. Large dark green leaves. Fine for border.

**HIBISCUS (Mallow Marvel)** Improved new hardy, giant-flowering Marshmallows, the most free-blooming of all perennials; rich, gorgeous and hardy as an oak.

**SHASTA DAISY**—The whole plant is gigantic, but compact and graceful; flowers white, four and five inches across. Very free flowering; small yellow discs. Good for cut flowers.

**COREOPSIS (Lanceolate)**—Valuable border plant, because of the profusion of showy yellow blooms, hardy and of the easiest culture. 1 to 2 feet. June to September.

**BLAZING STAR (Gay Feather)**—It blooms in mid-summer and throws up long, narrow spikes of rich purple flowers, which last a long time.

**ACHILLEA (Ptarmica, the Pearl)**—Large, white flowers. It blooms all summer. Fifteen inches tall.

**ANCHUSA (Alkanet)**—For producing a mass effect of brilliant blue the Anchusas cannot be surpassed.

**DIANTHUS plumaris** (Clove Pinks). For border or rock garden. It will bloom continuously if flowers are cut off when they begin to fade.

**IBERIS** (Hardy Candytuft). Most desirable dwarf plants, 8 to 10 inches, with evergreen foliage completely hidden with dense heads of white flowers early in the spring.

**PRIMULA VERIS**. Fine low-growing hardy primrose in mixed colors, yellow, red and pink.

**PHLOX Sublata** (Moss or Mountain Pink). An early spring flowering type with pretty moss-like evergreen foliage.

**GYPSOPHILA repens** (Baby's Breath). Beautiful trailing plant. Misty white blossoms.

**VIOLAS**. Hardy. Yellow and blue.

**SAPONARIA** (Soapwort). Pretty prostrate border and rockery plant; flowers rosy pink, produced in great quantities in May and early June.

**IRIS PUMILA**. These beautiful little Irises do not grow over 4 inches high, and bloom in April and May. They are fine for bordering beds or for planting in front of tall Irises.

15c each, 3 for 40c. 12 for \$1.50 Postpaid

READ OUR GUARANTEE ON PAGE 3

**ANEMONE Pulsatilla** (Pasque Flower). This grows from 9 to 12 inches high and produces violet or purple flowers in April and May.

**ARABIS Alpina** (Rock Cress). Pure white flowers produced in dense masses. Splendid for rockery work.

**CAMPANULA CARAPATICA**. Dainty blue variety that fits well into the rock garden.

**SEDUM** (Stonecrop). Dwarf varieties. America's finest rock plant. Suitable for the rock garden, carpet bedding, covering of graves, and like purposes.

**SEDUM GLAUCUM**. 1 to 3 inches. Its color is bright blue-grey.

**STRIPED ORNAMENTAL GRASS**. Is ideal for rockery and pool.

**VERONICA Rupestris**. Prostrate creeper, forms a dark green carpet of shiny foliage. Deep blue flowers in late April, one inch high.

15c each, 3 for 40c. 12 for \$1.50 Postpaid

# Beautiful Novelty Plants to Add to the Charm of Your Garden

ASTILBE GLORIA

**ASTILBE GLORIA**

A bulbous, hardy Spirea of striking punctuating character. It makes a short spreading plant with attractive foliage and rosy pink spikes of flowers during June and July, throwing up long plumy wands of bloom. Because of the bulk, feathery character and brilliant color expression are extremely showy during their season of approximately 3 weeks. 35c each; 3 for 90c, Postpaid.

BLUEBIRD VERONICA

This beautiful plant has long bronze green leaves and numerous indigo-blue flowers. Be sure to include this in your garden. Blooms continuously July to September. 2-yr. plants. 50c ea., 3, \$1 postpaid.

BUTTERFLY BUSH  
"Ille de France"

CARNATION FIREGLOW

**NEW CARNATION  
FIREGLOW**

The greatest and most hardy red flower of all time, so hardy in fact that it will stand 35 degrees below zero. Free blooming, carrying as high as 40 to 50 flowers at one time. Produces brilliantly vivid red flowers on stems 15 to 18 in. long. Blooms 1st year. 25c ea., 6 for \$1. \$2 per doz., postpaid.

**America's Finest****WATER LILIES**

**ALL OF OUR WATER LILIES  
WILL BLOOM SIX WEEKS AFTER  
THEY ARE PLANTED**

(See Our "All Star" Collection on Page 25)

**HOW TO GROW WATER LILIES**

Water lilies can be grown in any good sunny location. Any good soil will grow water lilies. For better flowers add one fourth well rotted cow manure for fertilizer. Plant the lily, with the crown at the surface of the soil about 8 to 10 inches deep, allowing two square feet per lily. There should be about 10 to 12 inches of water in pool above the plants. Drain pool and cover lilies with straw or leaves for winter protection.

**EXTRA SPECIAL**

With an order of one each of the six varieties listed on the right at \$5.00 we include free 1 Blue Star as illustrated on page 25.

**6 Choice Water Lilies**

**ALBA GRANDIFLORA.** Rampant grower. Large blooms pure white and very fragrant, the best of all white varieties. \$1.00 each.

**CHROMATELLA.** Highly popular yellow variety, extra large blooms. Three to five buds in bloom all the time. Very popular. \$1.00 each.

**ROSE AREY.** Beautiful fragrant variety with a color so dark pink that it is classed in the red varieties. Excessive bloomer, very fragrant. \$1.00 each.

**GLORIOSA.** This is a delightful Water Lily. Leaves and flowers only about one half the size of the other varieties. Blood-red in color and the fragrance are equal to that of the sacred lilies of the river Nile. \$1.50 each.

**CONQUEROR.** One of the best red water lilies ever introduced. Brilliant coloring and free-blooming habit make it an excellent addition to any pool. \$1.50 each.

**PAUL HARIOT.** The best peach-colored lily on the market. Good bloomer. \$1.00 each.

All Water Lilies Postpaid **\$5.00**

ENGLISH VIOLETS

## BLEEDING HEART

Spectabilis. 2 ft. One of the most delightful of all the early spring flowering plants, bearing numerous rosy red, heart-shaped flowers pendent on long arching stems. It was a favorite in our grandmother's day and is still good. 35c each; 3 for \$1.00, Postpaid

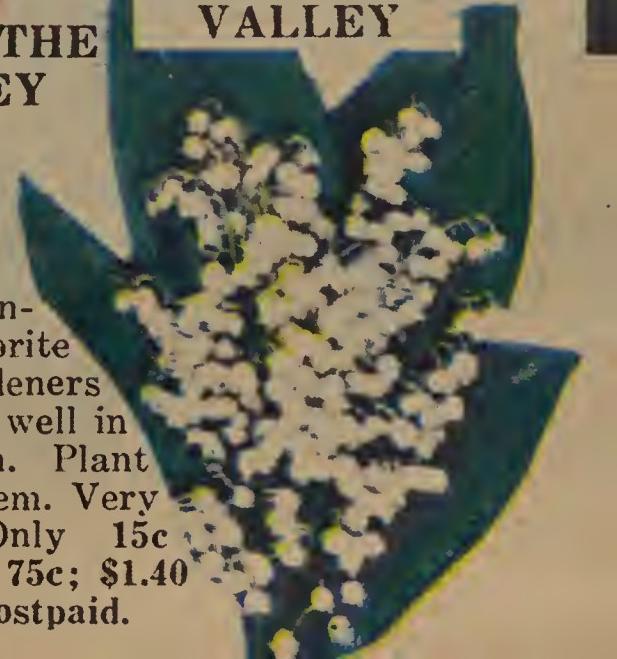

BLEEDING  
HEART

## LILY of THE VALLEY

One of the oldest as well as the most dainty of the perennials. A favorite of all gardeners and grows well in any location. Plant a bed of them. Very fragrant. Only 15c each; 6 for 75c; \$1.40 per doz., Postpaid.

## LILY of THE VALLEY

# Brilliant Ornamental Shrubs For Your Home Grounds

22

## SMOKE TREE

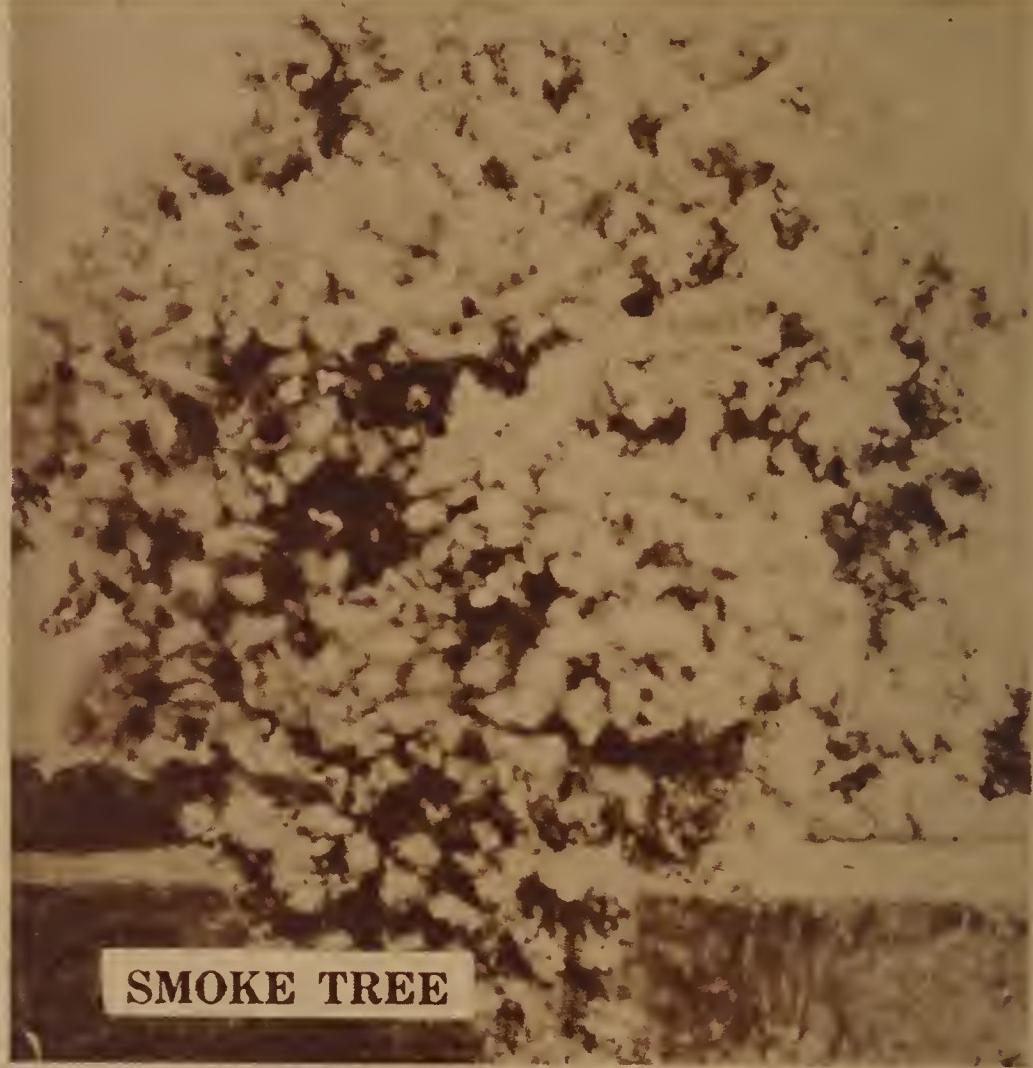

*Rhus continuus*, Smoke Tree. Grows to 12 ft. One of the most picturesque and unusual of small hardy trees. Its beautiful summer dress of dense green foliage is surmounted in the autumn with many loose feathery panicles of minute flowers which give the effect of a dense cloud of smoke. The Smoke Tree thrives anywhere but prefers a dry sunny location. In colder sections the foliage turns a brilliant color in Autumn.

2 to 3 ft., 60c each;  
3 for \$1.50, Postpaid

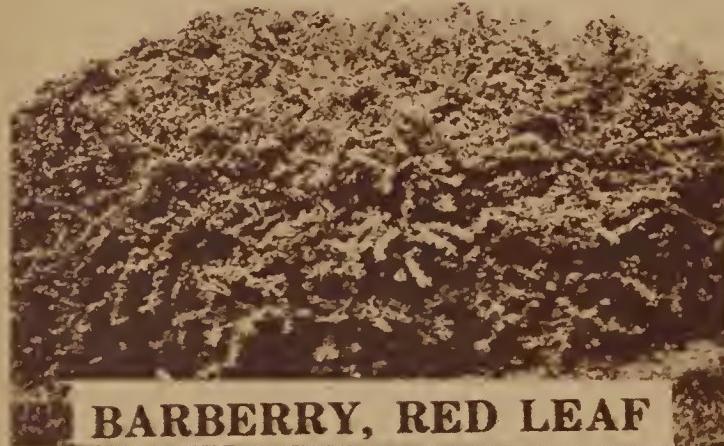

## KERRIA JAPONICA

A very desirable shrub of spreading habit, bearing large yellow flowers in June and attaining a height of 6 to 8 feet. Effective for massing. Does best in partial shade.

2 yr., 18 to 24 inch, 35c;  
3 for \$1.00, Postpaid.

SMOKE TREE

BARBERRY, RED LEAF

## COTONEASTER HORIZONTALIS

A prostrate growing evergreen shrub. Much used for rockeries because of its trailing habit of growth. Small waxy leaves. Beautiful shell pink flowers in June followed by masses of brilliant red berries remaining through winter. We heartily recommend this plant for your rock garden.

Heavy 12 to 15 in. plants only 75c Each;  
3 for \$2.00 Postpaid

## CHRISTMAS ROSE The Wonder of the Age

*Helleborous Niger*. A dwarf growing, hardy plant which grows up through the snow and flowers in the dead of winter. Large single bell-like white flowers last for weeks. Leathery evergreen foliage.

Price, Each 95c, Postpaid

## BARBERRY, RED LEAF

Similar to *B. Thunbergi* in all respects except that the foliage is of a bronzy red color which turns to fiery red in autumn. Plant in full sun for best results. For hedge size see page 47.

12 to 18 in., 35c; 3 for \$1.00, Postpaid

## BARBERRY, GREEN

No shrub in existence is so generally planted and has so many practical purposes as Japanese Barberry. It hasn't one serious fault, and can be grown in semi-shady, moist, dry, or sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with the most luxuriant deep green foliage in summer and beautiful bright red berries all winter; are the most attractive sight imaginable. For hedge see page 47.

Large 18 to 24 in., 35c each;  
3 for \$1.00, Postpaid

## ROSA RUBRIFOLIA

A native of Europe but much used and admired in America because of its attractive reddish purple leaves and bark. Beautiful pink blooms in May. Grows 6 ft. high and masses of red berries make it very desirable for winter effects.

Heavy 2-3 ft. Plants, 50c Each;  
3 for \$1.25, Postpaid

# Unusual Shrubs and Trees

## Adding Color to Your Landscaping 23

### SWEET SCENTED SHRUB

CALYCANTHUS. Flower purple, double, deliciously scented. Remains in bloom a long time. An old favorite in all old gardens and much prized for its spicy aroma. Dwarf in habit.

18 to 24 in., 35c; 3 for \$1.00 Postpaid

### AMELANCHIER CANADENSIS

(June Berry)

A bushy dwarf tree bearing great masses of snowy white blooms in early spring, followed by loads of delicious edible fruit in June. If you want a plant for both ornamental and practical purposes get a few of these.

Heavy 2 to 3 ft. plants 50c Each;  
3 for \$1.25, Postpaid

### AROMNA ARBUTIFOLIA

(Red Chokeberry)

Shrub growing to 6 ft. high when matured. Foliage an attractive green all summer and in fall changes to flaming shades of red; great masses of brilliant berries make this shrub especially desirable. Will do well in shady locations.

Heavy 3-4 ft. plants, 50c Each;  
3 for \$1.25 by Express

### ENONYMUS ALATUS

(Cork Bark Shrub)

An attractive shrub because of its heavily ridged branches resembling cork. Foliage is especially fine in Autumn when it changes to many brilliant shadings.

Heavy 3-4 ft. plants, 50c Each;  
3 for \$1.25 by Express

### RHAMNUS CATHARTICA

(Common Buckthorn)

Much used for hedging and backgrounds. Grows very dense and twiggy with heavy dark foliage. Masses of white flowers in summer followed by dark red and black berries.

Heavy 3-4 ft. plants 50c Each;  
3 for \$1.25 by Express

### RHAMNUS FRANGULA

(Alder Buckthorn)

Same characteristics as above except leaves are much smaller and thinner.

Heavy 3-4 ft. plants, 50c Each;  
3 for \$1.25 by Express

### CARAGANA ARBORESCENS

(Siberian Pea Tree)

Bushy dwarf-like tree reaching 12 to 15 ft. when matured. Heavy fine foliage. Masses of yellow blooms in late May or early June, followed by clusters of drooping pods in fall.

Nice 3-4 ft. plants, 50c Each;  
3 for \$1.25 by Express

### DEVIL'S WALKING STICK

Large tropical appearing foliage and immense white flowers. Grows 6 ft. high.

2 to 3 ft., 40c each; 3 for \$1.10 Postpaid

Windham, N. H.  
Gentlemen: June 14, 1937

I want to thank you for the very nice shrubs and rose bushes you sent. They all lived and are growing fine. All my orders in the future will be sent to Krider's. Thank you.

Yours very truly, J. W. H.

### WHY IT PAYS TO ORDER BY MAIL FROM KRIDER

Our experienced help in growing and propagating insures strong plants with well developed root systems that cannot fail to produce for you.

Our methods and facilities insure the stock planted, grown, dug, packed and shipped according to the latest approved methods to reach you in the best growing condition.

Our stock must be of high quality or we could not replace free. See our guarantee on Page 3, and you have a nursery with 42 years of service to back this up.

Our complete line of nursery stock offers you a wider variety to select from than you can usually get at home. We grow our stock on our nursery of 420 acres. This enables us to give you freshly dug plants full of pep and vigor.

# Krider

Presents  
A Great New  
Red Yucca

For the first time we now offer to our customers the opportunity to secure a Yucca so red, so dazzling, that it will surely delight you if you love color. This truly magnificent plant is perfectly hardy and easy to grow. Immense heads of flowers are borne on strong canes from 4 to 5 feet high. Ideal for a specimen plant or for background. At our low price don't fail to order a few. Heavy 2 year plants.

50c each, 3 for \$1.25, Postpaid

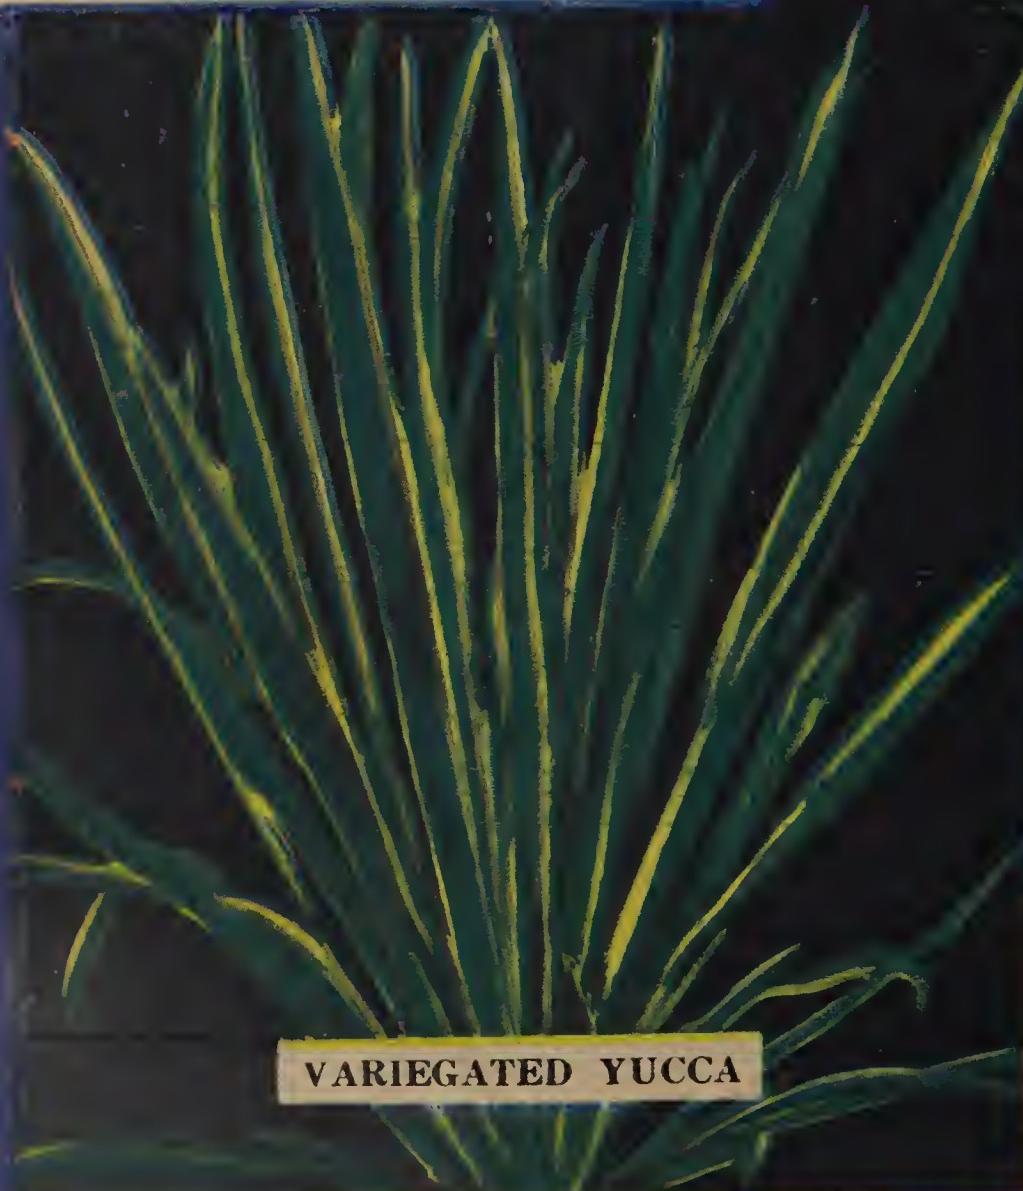

**VARIEGATED YUCCA**

A popular novelty plant with long bayonet type green leaves heavily streaked with yellow. A startling contrast plant. Splendid for rockery work. Hardy and easily grown. Strong 2-yr. plants. 35c each, 3 for \$1., postpaid

paid.

ORANGE BUTTERFLY PLANT

# Kew Orange Butterfly Plant

(*Asclepias Tuberosa*)

**THE ONLY HARDY PLANT HAVING  
TRUE ORANGE FLOWERS**

This attractive plant produces an immense number of flowers during the months of July and August. Brilliant orange. It can be successfully grown in any type soil in any locality. Withstands the most severe winters and the hottest summers, producing flowers year after year with no attention. Order early, as we have a limited supply. Strong blooming size plants specially priced to introduce at only 25c each; 5 for \$1, postpaid

## One of Nature's Best---Daphne Cneorum

Thousands paused to admire Daphne blooming in our model rockery at the World's Fair in September and October. It is a very dwarf shrub, almost evergreen, with spreading branches on which the narrow, inch-long leaves are crowded, making very pretty trails of blue-green foliage. The soft pink flowers appear profusely during April and May, and at intervals throughout the summer; very small and dainty in terminal clusters; with a distinct and very pleasing sweet fragrance.

6 to 8 inches, 8-yr. old

Only 75c Each, Postpaid

DAPHNE CNEORUM

### PATRIOTIC WATER LILY GROUP

THE "ALL STAR" COLLECTION. Three gorgeous water lilies to brighten your pools this summer. For those who want three lilies of surpassing beauty and color we can heartily recommend this group. (In the late fall they should be taken in and stored in a box of sand in a cool basement.) Read page 19 for information on the growing of Water Lilies.

RED STAR. A brilliant glowing red. Very free blooming over the entire season. Will start to blossom six weeks after planting and continue until frost. \$2. each; 3 for \$5, Postpaid.

WHITE STAR. Beautiful iridescent white. One of the most prolific bloomers and best of the white lilies. \$1 each; 3 for \$2.50, Postpaid.

BLUE STAR. One of the finest of all the Blue lilies. Immense rich blue flowers borne on strong stems well above the water. Must be taken in during the winter. \$2 each; 3 for \$5, Postpaid.

*for  
Grace and Beauty*

SPECIAL NOTICE: We are this year inaugurating a new policy of shipping all shrubs PREPAID.

This means that the price given for articles on this page is the price delivered to you. No where else can you secure heavy, blooming size Speciman shrubs guaranteed to grow (see p. 3) and sent post paid for so low a price.

## BUY KRIDER'S QUALITY SHRUBS

### FRENCH PUSSY WILLOW

*Salix Discolor*

A small tree with attractive leaves 2 inches long by an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make such delightful "springy" bouquets just as the snow is melting away.

2-yr. Heavy Blooming Size, each 40c; 3 for \$1.10.

### ALTHEA

(Rose of Sharon)

Unsurpassed by anything in the hardy shrub line for freedom of bloom or range of color. From mid-summer until frost, when few other shrubs are in bloom, the Althea is most handsome, with its large, camellia-like flowers of the most varied and beautiful shades. Double White, Double Red, Double Purple, Double Variegated, Double Pink.

Heavy 2 yr. Blooming Size. Price, 35c each; 5 for \$1.50.

### BEAUTY BUSH

A charming new 6-ft. shrub from China, with attractive leaves, the center upright, the outer branches gracefully arching. Has a general resemblance to both Weigela and Honeysuckle, the beautiful flowers appearing in great profusion during June, in pairs which cluster closely into cymes of about twenty-five. Flowers are bell-shaped and somewhat lipped, pale pink with orange veins in the throat, the buds being very much darker.

2 yr. Blooming Size, 50c each, 3 for \$1.35

### MOCK ORANGE

VIRGINAL. Blooms throughout the season. This is a new and wonderful addition to the Mock Orange family but is far beyond anything in this line that has been brought out in the past. It is without question one of the most beautiful shrubs and once it becomes known will be planted in every home ground. Single flowers on one year wood; double flowers on 2 year wood. We are going to offer these at the following low prices as long as our supply of this shrub lasts.

Heavy 2 yr. Blooming Size 40c each; 3 for \$1.10  
 CORONARIUS (Mock Orange). A tall vigorous bush. Abundant dark green foliage. Does well in shady places. Fine for cutting.

Heavy 2 yr. Blooming Size, each 35c; 3 for \$1.00

### DEUTZIA PRIDE OF ROCHESTER

This is the most hardy and popular of the Deutzia family. It grows from 6 to 8 feet in height and its mass of pinkish white bloom in June is a joy to all beholding it. Adaptable to any soil or growing conditions and for specimen or mass planting it is indispensable.

Heavy 2 yr. Blooming Size, each 40c; 3 for \$1.10

ORANGE

### FERN LEAVED SUMAC

### FERN LEAVED SUMAC

Grows 6 - 8 ft; robust in growth with cones of bright red fruit. Leaves beautiful, like the most delicate fern. Can be cut to the ground each season and a mass of fernlike foliage will result. Will thrive any place and on the poorest soil. Leaves color to brilliant scarlet in Autumn. Heavy 2 year blooming size. Price 50c each. 3 for \$1.35.

TAMARIX AFRICANA

### TAMARIX AFRICANA

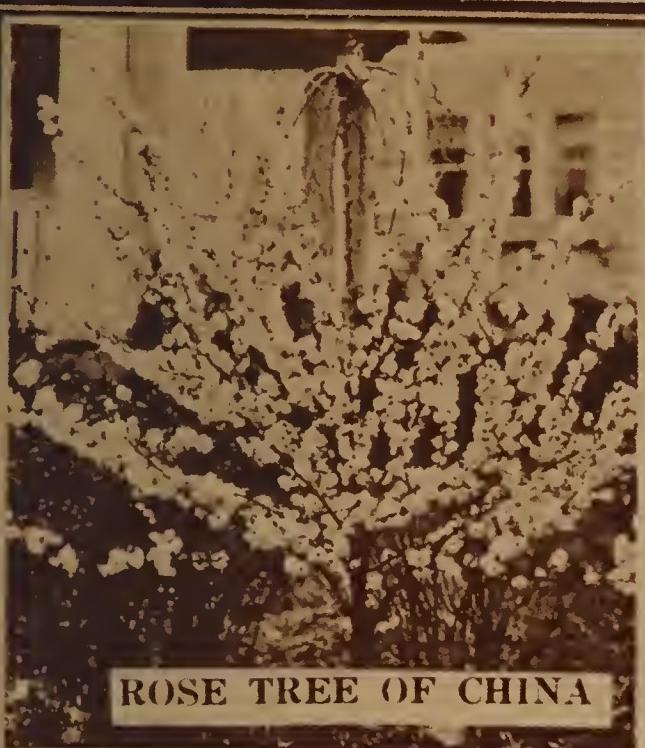

These large shrubs have a foliage resembling asparagus leaves and they have drooping, feathery appearance. Pink flowers in profusion are borne in early summer, giving a charming effect. Does well on any ground. 40c each; 3 for \$1.10. Heavy 2 year Blooming Size.

DEUTZIA P. of R.

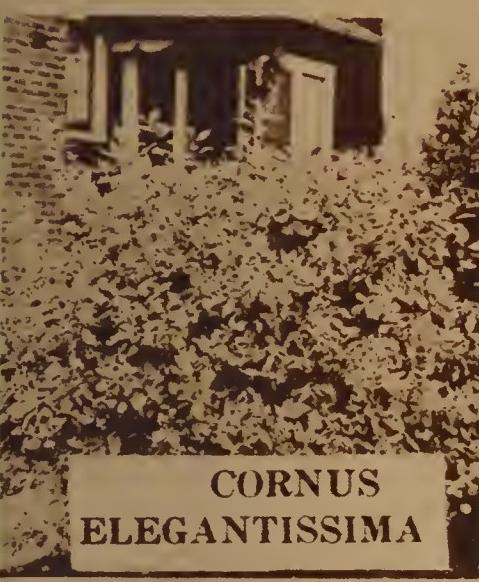

# Shrubs for Charm and Color

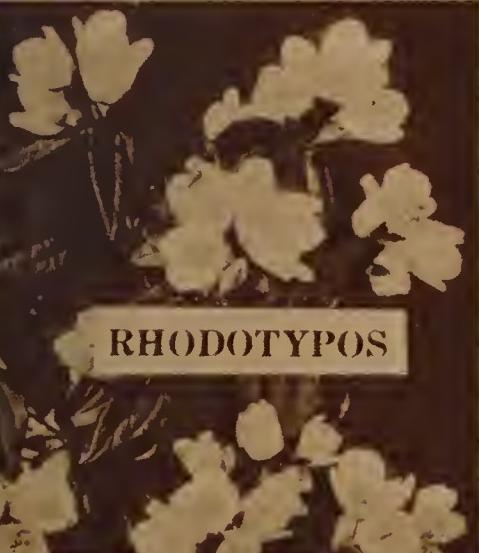

ROSE TREE OF CHINA

Note: Write for special prices on quantity lots for parks and playgrounds, etc.

CORNUS  
ELEGANTISSIMA

## RHODOTYPOS (Jetbead)

An attractive rounded shrub 3 to 6 ft. high with beautiful yellowish corrugated foliage and large single white flowers late in May, black seeds following. Will endure shade. Heavy Blooming 2 year Size, 40c each; 3 for \$1.10

RHODOTYPOS

## ROSE TREE of CHINA (*Prunus triloba*)

A wonderful new double-flowering Plum. Blooms early in the spring before leaves appear. The small tree seems decked with garlands of flowers, double pink in color. A sensation in our World's Fair Garden. 2 to 3 ft., ready to bloom, 50c each; 3 for \$1.35.

## SNOWBALLS — VIBURNUM

**DENTATUM** (Arrow-wood) Bright green, heart-shaped leaves that turn to red and purple. The flowers, borne in May and June, are creamy white. Grows from 8 to 12 ft. Heavy 2 yr. Blooming Size 40c each; 3 for \$1.10.

**CARLESI** (Mayflower Viburnum). A truly wonderful new medium sized shrub from Korea, prized for its exquisite fragrance similar to that of the Trailing Arbutus. The waxy flower clusters, pink in bud, pure white when open, appear early in the spring. Thrives under most unusual conditions, but does best in partial shade and cool moist soil. A charming plant for the foreground of the border or in planting about the house.

Heavy 2 Year Blooming Size, 75c Each; 3 for \$2.00

**OPULUS STERILE** (Common Snowball). A fine shrub, 8 to 10 feet tall, bearing globes of snowy white flowers in May. One of the old garden favorites. Heavy 2 Year Blooming Size, 40c each; 3 for \$1.10.

**OPULUS** (High Bush Cranberry). Handsome native shrub attaining 12 feet with rather smooth, light branches and stems. The pure white flowers appear in May and June, followed by decorative fruits, which begin to color by the end of July and remain on the branches and keep their bright scarlet color until the following spring. Berries are not eaten by birds.

Heavy 2 Year Blooming Size, 40c each; 3 for \$1.10

## SHRUB DOGWOODS CORNUS

**CORNUS ELEGANTISSIMA**. Grows 4 to 5 feet high, with purplish red branches and beautiful silver-variegated foliage. This is one of the choicest variegated-leaved shrubs, capable of refined, compact shape by pruning, of value both summer and winter.

**CORNUS, RED TWIG**. Grows 6 to 10 feet high, with clusters of fine white flowers; white berries; stem and branches turning to blood-red in winter.

**CORNUS, YELLOW TWIG**. Similar to above except that the bark is golden yellow.

Any Above Cornus, Heavy 2 Year Blooming Size, 40c each; 3 for \$1.10

## BUTTERFLY BUSH

This bush grows from 4 to 6 feet in height and produces its beautiful lilac-colored blooms from the tips of every particle of new growth. It flowers from July to September.

25c each; 3 for 60c

## RUSSIAN OLIVE (*Elaeagnus angustifolia*)

Useful in tall, dense groups for sharp color contrasts. Bark dark green, foliage rich silver, willow shape; flowers deep golden and very fragrant, followed by ornamental olive fruits.

Heavy 2 year Blooming Size, 40c each; 3 for \$1.10.

COMMON SNOW BALL

BUTTERFLY BUSH

# Colorful Shrubs

## GOLD FLOWER

Hypericum. A shrubby, recumbent bush 3 feet high with smooth arching purplish stems. Single 2 inch or larger, bright golden flowers. Foliage is fern-like. Does very well in partial shade if soil is not too dry. 35c each; 3 for \$1.00, Postpaid.

GOLD FLOWER

WEIGELA FLORIBUNDA

## WEIGELAS

**FLORIBUNDA.** The ever-blooming red Weigela floribunda surpasses everything in a red-flowered shrub. Much hardier than Eva Rathke and a better red flower. Commence blooming early in the spring and flower profusely all summer long. The leaves are a glossy green. Every customer should find a place for several of these beautiful shrubs in their border plantings. 2-yr., 18-24 in., 50c ea., 3 for \$1.25, Postpaid.

## ROSEA.

One of the finest of the family, tall and vigorous with deep pink flowers in June. Some blooms all during the season. 2-yr. blooming size, 40c each; 3 for \$1.10, Postpaid

## FORSYTHIA

Earliest blooming. Lights up the garden with masses of glinting yellow before the leaves appear. Flowers often appear before snow is gone. Are twice the size of other varieties. Thrives in any locality. Tall grower. Heavy 2-yr. blooming size. 40c each; 3 for \$1.10, Postpaid.

## FLOWERING ALMOND

Early spring flowering shrub, in full bloom before appearance of leaves. Beautiful double flowers snuggle tight to the twigs. Bright pink rose-shaped flowers entirely cover the shrub. 18-24 in. plants, 40c each; 3 for \$1.10 postpaid

RED ALTHEA

Blue Althea Celeste. The most popular of all Altheas. Our price enables you to obtain some for the home grounds. 18 to 24 in., 50c each, Postpaid.

# COLORFUL SHRUBS

29

**NEW GOLDEN SPIREA**

A beautiful shrub of similar habit to *apulifolia*. Leaves appear a bright yellow, changing to golden bronze in the fall. The contrasting red fruit is very pleasing. A very hardy, upright grower.

**2-yr. blooming size, 50c each, postpaid; 3 for \$1.25**

**FIRE BUSH**

## FIRE BUSH

*CYDONIA JAPONICA*. Very early in the spring this fine attractive shrub is completely covered with dazzling scarlet flowers which are followed by small fragrant quince-shaped fruits. Foliage is dark glossy green. Very desirable for specimens or hedges, getting its name "Fire Bush" from the intense scarlet flowers covering it. Heavy 2-yr. blooming size, 50c each, postpaid; 3 for \$1.25,

## OAK-LEAVED HYDRANGEA

A truly marvelous bushy shrub. Flowers in large creamy white panicles. The dark green foliage has silvery sheen on under side of leaves and turns to a glowing red in the fall. This is a very effective ornamental shrub and grows to a height of 4 to 5 feet. It does extremely well in very shady locations and is therefore very valuable for home planting. 18 to 24 inches.

**50c each postpaid; 3 for \$1.25**

## BEAUTIFUL HYDRANGEAS

*PANICULATA GRANDIFLORA*. Flowers in August in huge panicles measuring from 8 to 12 inches long. Blossoms first changing to bronze and lasting until autumn. 18 to 24 in., 35c each; 3 for \$1.00, Postpaid.

*ARBORESCENS GRANDIFLORA*. (Snowball Hydrangea.) Has the appearance of a low-growing Snow ball. White flowers in June and July. The most hardy of the Hydrangeas and especially useful for shady locations.

**18 to 24 inches, 35 cents each, Postpaid; 3 for \$1**

*TREE HYDRANGEA*. Very desirable in this form for formal lines and backgrounds for specimens. The spreading head of green leaves and the flower wands are all up above the straight bar trunk, allowing a close planting of dwarf shrubs beneath.

**2 to 3 ft., 50c each, Postpaid; 3 to 4 ft., 60c each, Postpaid.**

**OAK LEAF  
HYDRANGEA**

**HYDRANGEA ARBORESCENS**

**ONE OF OUR HYDRANGEA FIELDS PHOTOGRAPHED IN AUGUST 1936**

**NEW RED SNOWBERRY**

**GOLDEN MOCK ORANGE**

Dwarf shrub with yellow foliage makes a striking contrast with shrubs or evergreens. Fragrant white flowers in June.

Strong 2-Yr. plants 40c Each, Postpaid

ever seen introduced. It grows to a height of 4 feet. Has long branches covered with lacy leaves. The branches are covered in late fall with a mass of glowing red berries twice the size of the old Indian Currant and as red as High Bush Cranberry. Don't fail to plant some of these shrubs in your shady locations. Heavy 2-yr. blooming size. 40c each; 3 for \$1.10, Postpaid.

**BUSH HONEYSUCKLE**

For a tall hedge to screen an unsightly view there is no shrub so valuable, as it will grow from 10 to 12 feet in a few years. Besides it is a beautiful thing both summer and winter, as it is the first shrub to clothe itself with leaves in the spring. Its light crimson flowers and luxuriant foliage are a delight in summer and the thousands of bright red berries give a charming touch of color to the winter landscape. Heavy 2-yr. blooming size. 40c each; 3 for \$1.10, Postpaid

Platt Springs Rd.  
New Brookland, S. C.  
Feb. 1937.

On January 11th I sent you an order for shrubbery, etc., which was received in good shape 4½ days from the time I mailed the order. I call that service with a bang. I might add that the Japanese Barberry were all full of green leaves in 10 days and are growing fine.

# KRIDER'S FINEST SPIREAS

**SPIREA VAN HOUTTEI**

### SPIREA VAN HOUTTEI

Without doubt, the finest of the Spireas, and one of the most useful shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. A very beautiful sight on the lawn that can be massed or planted alone. Heavy 2-Yr. Blooming Size, 40c each; 3 for \$1.10, Postpaid.

**SPIREA A. W.**

rose-like flowers  
April and May. Grows 6 feet tall. 40c each; 3 for \$1.10, Postpaid.

### SPIREA CALOSA FROBELI

Large flat clusters of pink flowers nearly all summer. Dwarf in habit. Fine for border plantings. 40c each; 3 for \$1.10, Postpaid.

### SPIREA BILLIARDI

3 to 6 feet. Has dense spikes of rose-pink flower that crown sparsely twigged, erect branches. For shrubbery groups, natural plantings and moist places. July to September, 35c each; 3 for \$1.00, Postpaid.

### SPIREA ANTHONY WATERER

A low growing, very bushy plant that bears small heads of bright crimson flowers in July and August, or you might say until frost. This variety rarely exceeds 3 feet in height and is valuable for planting in front of taller shrubs. Heavy 2-Yr. Blooming Size, 35c each; 3 for \$1.10, Postpaid.

**SPIREA BILLIARDI**

# ORNAMENTAL TREES

Plant a Few of These Gorgeous Trees Around Your Home Grounds and See How They Brighten and Enrich the Beauty of the Entire Surroundings

## PURPLE LEAVED BEECH

A grafted tree of stately bearing ideal for lawn planting. An exceptionally long lived tree. Foliage a deep purple in spring, changing to crimson and purplish green in the fall.

**3-4 Ft., \$4.00 Each by Express**

## PURPLE LEAVED BIRCH

A beautiful late introduction of the ever popular Birches. A fast growing silver grey barked tree with dark purple leaves which contrast beautifully. Fine for lawn specimens.

**6-8 Ft., \$2.98 Each, by Express**

## PAUL'S DOUBLE SCARLET HAWTHORN

Popular low growing tree. It is hardy all through the states. In May and June it is covered with double scarlet flowers followed by red berries. The foliage is rich green and colors in fall to a mass of brilliance. We give this tree top rating for specimen planting.

**Large 4-6 Ft. Field Grown Trees, \$1.25 Each,  
By Express.**

## WHITE DOGWOOD

Our most beautiful native flowering tree. The leaves oval bright green turning to shades of red in the fall. Large, white flowers, followed by scarlet berries.

**3-4 Ft., 50c Each, Postpaid**

## WAHOO TREE (American Burning Bush)

A native shrub growing from 8 to 10 ft. high. Heavy broad leaved foliage. In fall and winter the plant is ablaze with a mass of bright red berries. Makes a startling sight against a snowy background.

**Heavy 3 to 4 ft. Plants—75c Each  
3 for \$2.00 by Express**

## CORNELIAN CHERRY (Cornus Mascula)

Dwarf tree reaching 8 to 10 ft. when matured. Attractive veined foliage, changing to all shades of copper and bronze in Autumn. Clusters of deep mahogany colored berries in fall make it a plant much to be admired.

**Heavy 3-4 ft. Plants—75c Each  
3 for \$2.00 by Express**

**PURPLE LEAVED BEECH**

## SPECIAL NEW PYRAMIDAL BIRCH

One of the newer additions to the Birch group. All of the beautiful characteristics of the white birch except the tree grows upright in a grand pyramidal form similar to Lombardy poplars. Bark snowy white, foliage a shimmering light green. We have only a limited number of these in large specimen size, well formed and running 8 to 10 ft. tall.

**While they last, only \$5.00  
Each, by Express**

713 High St.  
Bethlehem, Pa.  
Feb. 5, 1937

Dear sirs:

I want to thank you for the fine trees that you sold to me last year. They were wonderful trees. Out of the 17 trees only the two sour cherries died. I blame this on the unusually dry summer, for we had hardly any rain. Enclosed you will find a small order because that is about all I need this year. I hope you will fill it, even if it is small.

Very truly yours,  
C. W. E., Jr.

Le Cygne, white.  
Sarah Bernhardt, dark rose-pink.

### LATE INTRODUCTIONS OF OUTSTANDING MERIT

All 3 to 5 Eye Divisions

**LONGFELLOW**—A very good red. Large bomb shaped blooms of the same style as Felix Crouse but better in color.

**ALMA**—Lovely shell pink with yellow center. Free bloomers. Very good.

**SARAH BERNHARDT**—An exquisite flower of a lovely apple blossom pink with each petal silver tipped. Flowers double and very large.

**Price**—50c Each; 3 for \$1.00  
Postpaid

## NEW FRENCH LILACS FOR BRILLIANTY

No flowering shrubs are more successfully and easily grown or more satisfactory than Lilacs. They may be used as single shrubs or in mass planting, making excellent screens, and providing seclusion where wanted. The first year's flowers on Lilacs are faded and washed out. The second year they bloom natural.

**GEN. PERSHING.** New Double Lilac with reddish tint. One of the best French Lilacs for specimen plant. 2-yr. blooming size, 50c each, postpaid.

**RUHN VON HORSTENSTEIN.** New large single red, very fragrant and one of the newest varieties. 2-yr. blooming size, 50c each, postpaid.

**JAN VAN TOL.** Double pure white. Very large trusses and very good grower. 2-yr. blooming size, 50c each, postpaid.

**PRES. GREVY.** Large trusses of double blue flowers. A great favorite. 2-yr. blooming size, 50c each, postpaid.

The Four Outstanding French Lilacs. **\$1.35**  
One Each of the  
Four for Only

**PRES. GREVY**

**RUHN VON HORSTENSTEIN**

**JAN VAN TOL**

## BLOOD RED JAPANESE MAPLE

Rounded, dwarf trees seldom maturing to over 10 feet. densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early and mid-summer aspect is vivid blood-red, which dulls to a bronzy purple-red towards fall. These are splendid foreground subjects in mixed groups or for solitary color

## KOSTER'S BLUE SPRUCE

(The "True-Blue" Evergreen.) Selected species of Colorado Blue Spruce with grafted top. Color deeper and more perfect blue than that of the Shiner. Growing to maturity, it becomes thickly studded with well formed, tapering branches.

blotches in the open lawn.

This dwarf tree was much admired in our Century of Progress Garden.

# HARDY MUMS

WILL BLOOM  
IN SEPTEMBER

**ALICE HOWELL:** A compact flower, with petals effectively colored with yellow and orange tips. It is a fine bloomer and rather early.

**BABY DOLL:** This is a pom pom type, very compact grower, blooms early with a rich coppery bronze color.

**FIRELIGHT:** A fine large, deep mahogany red variety which blooms early and very freely. It is one of the most outstanding kinds.

**MITZI:** A rich, buttercup yellow, well formed and early. It is one of the showiest types and very delightful.

**BEATRICE:** This is a large flowering pink type, the flowers so dark pink as to be almost red. It blooms abundantly and stands the severe northern winters.

**WHITE DOTY:** Tall and free, close-quilled florets packed into imposing tufts on the leader. Milk white, somewhat creamy at center. Flowers very big.

One each of the 6 varieties ill- \$1 Post-  
illustrated; 2-year field grown,  
ready to bloom; 20c ea., or 6 for 1 Paid

## New Hardy KOREAN CHRYSANTHEMUM

NOW IN FOUR COLORS: This is a valuable new race of perennials introducing lovely pastel shades into October landscapes, with profuse single flowers. Height 2 to 2½ feet.

**APOLLO**—The most profuse bloomer, the flowers 2 inches across. A sparkling combination of bronze, red and gold, suffused salmon.

**CERES**—Old Gold blended with chamois-yellow; dusted with coppery bronze.

**DIANA**—A charming blend of Chatesay—rose-pink blended with lilac-rose and soft salmon. Petals are triple rayed.

**MARS**—Deep amaranth-red with a velvety wine-red sheen. The latest.

All Evergreens by Express Unless Otherwise Noted

## PLEASE NOTE

All of our evergreens are carefully dug to get all the tender rootlets. All soil removed. The roots are then puddled (dipped in mud) and wrapped in moss and burlap. This method of packing eliminates 50 to 60 lbs. of soil, saves the vital roots, insures better growth and makes possible low cost express shipments.

Priced for  
All to  
Enjoy

## GOLDEN ORIENTAL ARBOR VITAE

*BIOTA AUREA NANA*. A very compact slow-growing dwarf type, valuable for foreground and edging.

The flattened leaf-clusters face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, striking in appearance.

18 to 24 in., \$2.00; 2 to 3 ft., \$2.50

## JUNIPERS

*PFITZERIANA*. (Pfitzer Juniper). A graceful, broad spreading evergreen with sweeping fronds of gray-green foliage, making in time a distinctive, beautiful plant.

18 to 24 inch, \$2.50

*GLAUCA* (Blue Cedar). Similar to Red Cedar in form and of soft, blue-green color; closely columnar. 18 to 24-inch, \$1.50; 2 to 3 ft., \$2.50.

*HIBERNICA* (Irish Juniper). Of slender columnar habit with glaucous green foliage. Useful for formal plantings. 18 to 24 inch, \$1.00; 2 to 3 ft., \$2.00

## DOUGLAS FIR

*VIRGINIANA CANNARTI* (Cannart's Red Cedar). Tall, pyramidal grower with deep rich green foliage. Hardy. 2 - 3 ft., \$2.00.

*EXCELSA STRICTA* (Greek Juniper). Next to Pitzers, more used than any other. Dwarf forming a symmetrical cone with silvery glaucous foliage. Hardy. 18 to 24 inches, \$2.00.

## MUGHO PINE

*DWARF MOUNTAIN PINE*. This pine is very valuable in habit, with dark brown branches, bright green leaves, stout and acutish. The cones are ovate, a light gray in color, surrounded by a blackish ring. The tree is broader than it is high, forming a dark, dome-shaped bush. Very effective for rocky places. 8-12 in., \$1; 12-15 in., \$1.50.

## OREGON HOLLY GRAPE

A hardy evergreen shrub having Holly-like leaves. Can be used in evergreen and shrubbery planting and will do well in partial shade. Sheds its leaves in spring. New leaves stay on all winter. 12-18 in., \$1.00; 18-24 in., \$2.00.

Can Furnish All Varieties of Evergreens in  
Mailing Sizes For 25c, Postpaid

## SPECIAL DOORSTEP GROUP

EVERGREENS—2 Pyramid Arbor Vitae;  
4 Globe Arbor Vitae. Heavy 6-yr. size.  
Will give immediate effect. Plant as illustrated. Only ————— \$2

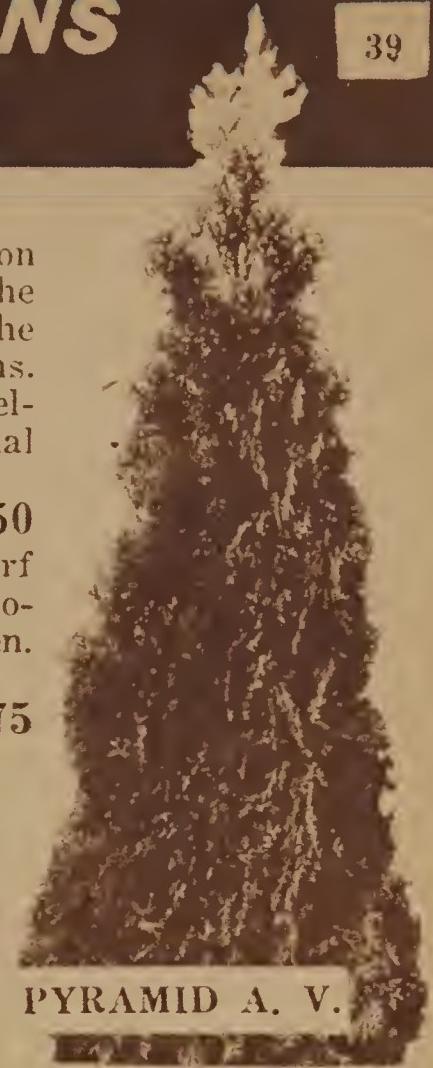

## ARBOR VITAE

*PYRAMIDAL*. For either foundation group or garden planting. Retains the lovely flat bright green foliage of the American Arbor-Vitae at all seasons. Grows close and compact and develops naturally into perfect pyramidal form.

18 to 24 in., \$1; 2 to 3 ft., \$1.50

*GLOBOSA*. Grows densely into dwarf globular shape without shearing. Foliage is flat and deep dark green. Branches possess unusual delicacy.

12 - 18 in., \$1; 18 - 24 in., \$1.75

PYRAMID A. V.

## FIRS

*CONCOLOR* (White Fir.). Compact and symmetrical form; foliage part green, silvery beneath. Withstands heat, cold, drought.

2 to 3 ft., \$3.00

12 to 18 in., \$1.50

*DOUGLAS*. One of the finest of all specimen evergreens. Resembles Blue Spruce. Add this one to your selection.

18 to 24 in., \$1.00

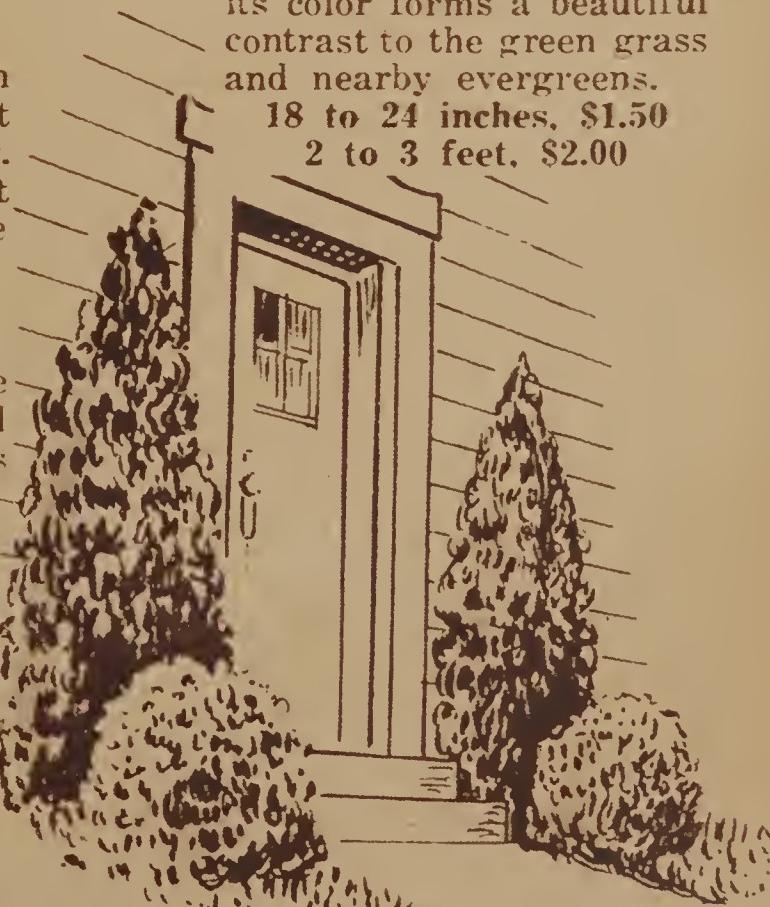

2 to 3 ft., \$2.00

## Retinospora

(Plumed Cypress.) One of the most popular evergreens and suitable for almost any situation. It has soft plume-like foliage and its color forms a beautiful contrast to the green grass and nearby evergreens.

18 to 24 inches, \$1.50

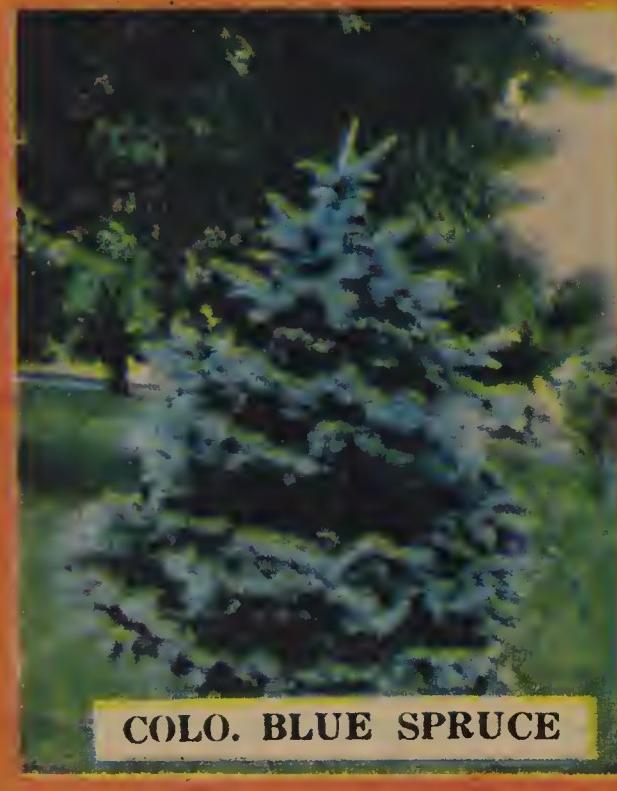

2 to 3 feet, \$2.00

# Krider's Finest Evergreens

JAPANESE YEW

COLO. BLUE SPRUCE

Note: All Evergreens by Express  
Unless Otherwise Noted

## TAXUS or JAPANESE YEW

*Taxus Cuspidata* (Japanese Yew.) Upright spreading variety; dark green foliage, scarlet berries in autumn. The one Evergreen that will grow in any location. Especially good for shade. **15-18 in., \$2.00; 18-24 in., \$3.00**

*Taxus Capitata*. Grows more upright than *Cuspidata* in a beautiful columnar form. Sheared for specimens.

**18-24 in., \$2.50; 2-3 ft., \$4.00**

## HEMLOCK

(*Tsuga Canadensis*)

The finest evergreen for heavy shade and both beautiful and dependable wherever used. Its lace-like foliage is close-set and darkly lustrous, growing in rather flat fronds which droop gracefully. Best known as a moderate grower, withstands severe pruning, and is consequently used much at corners, as foundation screens or in formally sheared high hedges. **18-24 in., \$1.75; 2-3 ft., \$2.50**

## SPRUCES

**COLORADO BLUE** (*Picea pungens glauca*). This species has been tested at various points on the prairies West and Northwest with perfect success, enduring a temperature of 30 degrees below zero in exposed situations, entirely uninjured. This is not only one of the hardiest, but the most beautiful in color and outline; of a rich blue or sage color; it is a valuable acquisition. **2 ft., \$2.00; 3 ft., \$4.00**

**BLUE SPRUCE SHINERS**. The bluest of Blue Spruces. this is the most remarkable and conspicuous of all the conifers for ornamental planting. Being all symmetrical and shapely, its ideal purpose is as a specimen when owing to its magnificent, vivid bluish coloring it attracts attention wherever it is planted. **2 ft., \$2.50; 3 ft., \$5.00**

**NORWAY**. A lofty elegant tree of perfect pyramidal habit, remarkably elegant and rich, and as it gets age, has fine graceful, pendulous branches; it is exceedingly picturesque and beautiful. Very popular, and deservedly so. One of the best evergreens for hedges and windbreaks.

**2 ft., 50c; 3 ft., \$1.00**

- No. 1—Two Oriental Arbor Vitae
- No. 2—Two Pyramid Arbor Vitae

# Brilliant Flowering Novelties

**EVERBLOOMING  
TAMARIX**

## EVERBLOOMING TAMARIX

One of the finest ever grown. Beautiful shrub with soft fern-like foliage of a powder blue color. Shell pink blooms appear early in the season and continue throughout the summer until frost. Add a few of these and note how they light up the whole planting. Heavy 2-yr. Blooming Size, only

50c each; 3 for \$1.35, Postpaid

**BLOSSOMS OF  
RED FLOWERING  
DOGWOOD**

## RED FLOWERING DOGWOOD

(*Cornus florida rubra*). Symmetrical spreading tree growing about 20 feet high. The large red flowers which come before the leaves appear in the spring are a vision of loveliness against the new green of an early spring lawn. Foliage deep green changing to bronzy red in autumn. Particularly ideal as a specimen plant and fine for group plantings.

Sizes 2 to 3 ft., \$1.50 each;  
3 for \$4.00, Postpaid

## REDBUD (*Ceris*)

One of the handsomest of the small low-growing flat topped trees, attaining a height of 15 ft. Along the numerous wide spreading branches rosy purple blossoms appear before the leaves, covering the tree so completely that it has the appearance of a pink cloud. 3-4 ft., 3-yr. trees, 60c each, Postpaid.

**REDBUD**

## SPECIAL BOLLEANA POPLAR

Without doubt the finest of all the poplars. Tree grows erect and symmetrical in shape. Bark of soft light green and foliage of wonderful color and density, light grey on the under side. We have a nice stock of these in well shaped specimens, 5-6 ft., at only \$1.00 each; 6 for \$5.00, by Express.

Addison, Penn.  
May 25th, 1937

Krider Nurseries,  
Middlebury, Ind.

Gentlemen:

You may recall last spring I bought from you about two hundred pieces of shrubbery. I just want to tell you that this shrubbery is coming along beautifully and I believe I could not have gotten any better specimens all the way through than you sent to me. Yours truly,

A.C.H.

**FLOWERING CRAB**

**FLOWERING CRAB.** Blooms early in spring. Large, pink flowers completely cover tree. Very fragrant. These are followed by red fruits. A real ornamental tree for your lawn. 3-5 ft. only 50c each; 3 for \$1.35, by Express.

**BECHTEL'S CRAB.** The only one of the flowering crabs having double flowers. Tree is dwarf in stature and in early spring is almost hidden by the abundance of beautiful blooms, each resembling a small pink rose. Nice heavy 2-3 ft. trees, only 75c each, Postpaid.

**NEW BLOOD-  
LEAF PLUM**

## BLOOD LEAF PLUM

A dwarf tree of excellent shape, bearing foliage of a deep rich blood red. As the season advances foliage becomes darker, changing to a dull glowing bronze.

Tree is covered with pink blossoms in early spring, and these are followed by small brilliant red ornamental fruits.

3-4 ft. specimen trees, only \$1.00 each, Postpaid.

# KRIDER'S SHADE TREES

TO GRACE YOUR LAWN

Note: All Trees Shipped by Express Unless Otherwise Noted

## MAPLES

**SILVER.** The best and most popular of all Maples for quick and good shade. Excellent for street planting. Leaves of silvery green color, slightly cut leaf.

5 to 6 ft., 50c; 6 to 8 ft., \$1.00

*Schwedler's Red Maple*

**NORWAY.** This is an exceptionally fine, hardy large-leaved shade tree, giving a denser shade than the old Sugar Maple. We offer these at 6 to 8 ft., \$1.50; 8 to 10 ft., \$2.50

**SCHWEDLER'S Red Maple.** Noted for its red leaves which open pink in the spring and

*Norway Maple*

gradually change to red and reddish purple in fall. 6 to 8 ft., \$2.00.

## ELMS

### AMERICAN ELM

The majestic drooping trees so often seen and admired in country landscapes. One of the finest of all the shade trees we offer. 6 to 8 ft., \$1.50; 8 to 10 ft., \$2.50.

### MOLINE ELM

The most stately and picturesque of the Elms. Top grows in the shape of a vase. You may have heard the tree referred to as "Vase Elm." Good for street planting as well as lawn specimens. A rapid grower and one sure to give satisfaction.

6 to 8 ft. trees, \$2.00; 8 to 10 ft., \$3.50, by express

*American Elm*

as "Vase Elm." Good for street planting as well as lawn specimens. A rapid grower and one sure to give satisfaction.

NOTE: WRITE FOR SPECIAL PRICES ON QUANTITY LOTS FOR PARKS, PLAYGROUNDS, ETC.

### CHINESE ELM FOR HEDGING OR SCREENS

12 to 18 in., 25 \$2.00;  
100 \$5.00. 2 to 3 ft., 25  
\$4.00; 100 \$15.00.

NOTE: Plant 18 inches apart for hedges and 4 feet apart for screening purposes.

### CHINESE ELM

The fastest growing shade tree known today. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it may be grown. Equally valuable for windbreaks or for specimen shade trees. See offer below of small sizes for hedging purposes. **SPECIAL PRICES:** 3 to 4 ft., 50c Postpaid; 4 to 6 ft., 75c By Express; 6 to 8 ft., \$1.50 By Express.

*Chinese Elm*

# KRIDER'S ORNAMENTAL TREES

BEST FOR HOME PLANTING

All Trees Shipped by Express Unless Otherwise Noted

## CUT-LEAF WEEPING BIRCH

Most graceful of the cut-leaved trees. Branches pendulous. Bark white. Delicate green leaves. Plant 10 to 20 feet apart in groups of three. Excellent as specimens.

**5 to 6 feet, each, \$2.00  
6 to 8 feet, each \$3.00**

## LOMBARDY POPLAR

Tall slender tree for formal planting. A rapid grower. At a distance the mature trees appear as tall sentinels. Dark green leaves with silvery surface below. Plant 15 to 20 ft. apart. Note: The roots of this tree will not grow into and stop up sewers like the old Carolina Poplar.

# Brilliant Flowering Novelty Vines

SILVER LACE VINE

## SILVER LACE VINE

Polygonum Auberti. Always scarce and in demand is this charming climber which will clamber gracefully over a trellis, porch or arch, or upon any support which may be devised. It will grow rapidly, averaging 25 ft. in a season. A well grown specimen is a cloud of lacy, misty white with tints of cream and pale rose, and most exquisite effect.

Only 50c Each; 3 for \$1.35  
Postpaid

**"SCARLET BEAUTY"**

## SCARLET BEAUTY HONEYSUCKLE

One Of America's Most Brilliant Flowering Vines; Everblooming, Evergreen

The wonder plant of the 20th century. Blooms all summer with flashing red flowers. Fine cover and foliage plant, foliage remaining until after Christmas. Very richly scented. If you are looking for a new vine, don't overlook this.

2-Year,  
Each **75c**

Three **\$2** Post-  
For Paid

## CHINESE PURPLE WISTERIA

(*Wisteria Sinensis*)

A beautiful climber, of rapid growth, producing long pendulous clusters of pale blue flowers, the very best vine to grow when it is desired to shade the upper part of the house.

2-Yr., 60c each; 3 for \$1.50  
Postpaid

Note: We are often asked why Wisteria does not bloom. The answer is you have been buying plants grown from seed. Many of these will not bloom. Our Wisteria are grafted and will bloom in 2 years.

WISTERIA**

# Hansen Bush Cherry

45

HANSEN BUSH CHERRY

### HANSEN'S BUSH CHERRY

Is the result of over 30 years research and selection work by Prof. N. E. Hansen of South Dakota State College. A shrub which is very effective in any landscape planting and which bears delicious fruit of large size and excellent flavor. A sure heavy yielder starting to bear the year after planting and continuing year after year. Fruit is wonderful to eat fresh from the bush; makes superb jam, or clear, sparkling jelly. Perfectly hardy anywhere. Don't neglect getting a few of them to add to your planting, or plant several in your garden. They always retain their dwarf stature. Heavy 2-year bushes. While **50c**<sup>10</sup> by express they last, each **\$4** for **\$4** by Express

### JAPANESE DOUBLE FLOWERING CHERRY

"Sacred Gate Cherry"  
The loveliest of all the flowering cherries. The kind that is famous in Washington at cherry time. Fast growing, flowers very full and double deep pink. They are used in Japan as gateway guardians. Ready to bloom. 3-4 feet. \$1.25, by Express.

"SACRED GATE CHERRY"

### SWEET SEPTEMBER

The Amazing New Fall Bearing Cherry

(U. S. Plant Pat. No. 94)

Produces deliciously sweet bright red cherries which ripen from about September 1st until snow flies. Apparently free from rot, leaf spot and curculio injury. The young trees start to yield some fruit the second or third year after planting and produce heavy annual crops thereafter.

This fall-bearing tree blossoms at the same time as other standard varieties and is apparently hardier in the bud than the average sweet cherry. The fruits are an attractive medium dark red similar to Windsor, the standard variety which it most nearly resembles, and the quality is excellent for eating fresh and for canning. Heavy rooted 3-4 ft. trees, \$1.50 each, Postpaid; 10 for \$14.50, Express.

KRIDER'S HARDY

# VINES

ALL PRICES ON THIS PAGE POSTPAID

**BOSTON OR JAPAN IVY (Ampelopsis Veitchi)**

From Japan. A splendid plant for covering, as it clings perfectly to the smoothest surface. The foliage is a bright glossy green, changing to bright hues of scarlet, crimson and orange. This is the beautiful covering which you see on brick walls and churches.

2-yr., 50c each; 3 for \$1.25; 12 for \$3.50

**CLEMATIS**

**HENRYI.** Large creamy white flowers. A strong grower and very hardy, one of the best of the white varieties, a perpetual bloomer. 2-yr., 50c each.

**JACKMANI.** The flowers when fully expanded are from 4 to 6 inches in diameter, intense violet-purple, with a rich, velvety appearance, distinctly veined. Flowers continually from July until frost. 2-yr., 50c each.

**CLEMATIS HENRYI****MADAME EDOUARD**

**ANDRE.** Flowers large velvety red. A free flowering and continuous bloomer. 2-yr., 50c each.

**PANICULATA,** or Sweet Scented Japanese Clematis. A plant possessing unusually attractive qualities. Rapid in growth, quickly covering trellises and arbors with beautiful glossy green foliage. Pure white flowers of medium size, borne in immense sheets of delightful fragrance. 2-yr., 50c each.

Flowers continually from

**HOW TO GROW CLEMATIS**

Clematis will thrive in almost any climate, but for best results they should be planted in a somewhat sunny location and as near a non-acid soil as possible. The soil can be fixed by mixing lime through the soil at planting time, or if applied after the plants are set it can be worked through by cultivation. Clematis should be planted with dirt about 2 inches up on the stem above the root; if planted with the crown level with the soil, roots will dry out and die. A fairly large hole should be dug so that the roots may spread out in planting. If the soil is poor the hole should be filled with good rich garden soil. Planted in this manner, Clematis are nearly always sure to bloom.

**BOSTON IVY****EVERGREEN BITTERSWEET**

A marvelous climber, with beautiful glossy green leaves and very attractive orange colored fruit that stays on the vine all winter. The leaves are evergreen, and the vine will cling to brick, stone or any kind of wall.

2-yr., 50c each; 3 for \$1

**HALL'S JAPAN****HONEYSUCKLE**

**HALL'S JAPAN HONEYSUCKLE (Lonicera Halliana).** A strong, vigorous evergreen variety with pure white flowers changing to yellow. Very fragrant and covered with flowers from June to November. 2-yr., 25c each; 5 for \$1.00.

**HONEYSUCKLE**

**DUTCHMAN'S PIPE** is the *Aristolochia Siphonanthoides*. Krider's true variety, and only the most skillful nurserymen know how to do the grafting. The flowers are very attractive because they are of a curious brown color and resemble a pipe in shape. 59c each, true grafted variety.

**DUTCHMAN'S PIPE**

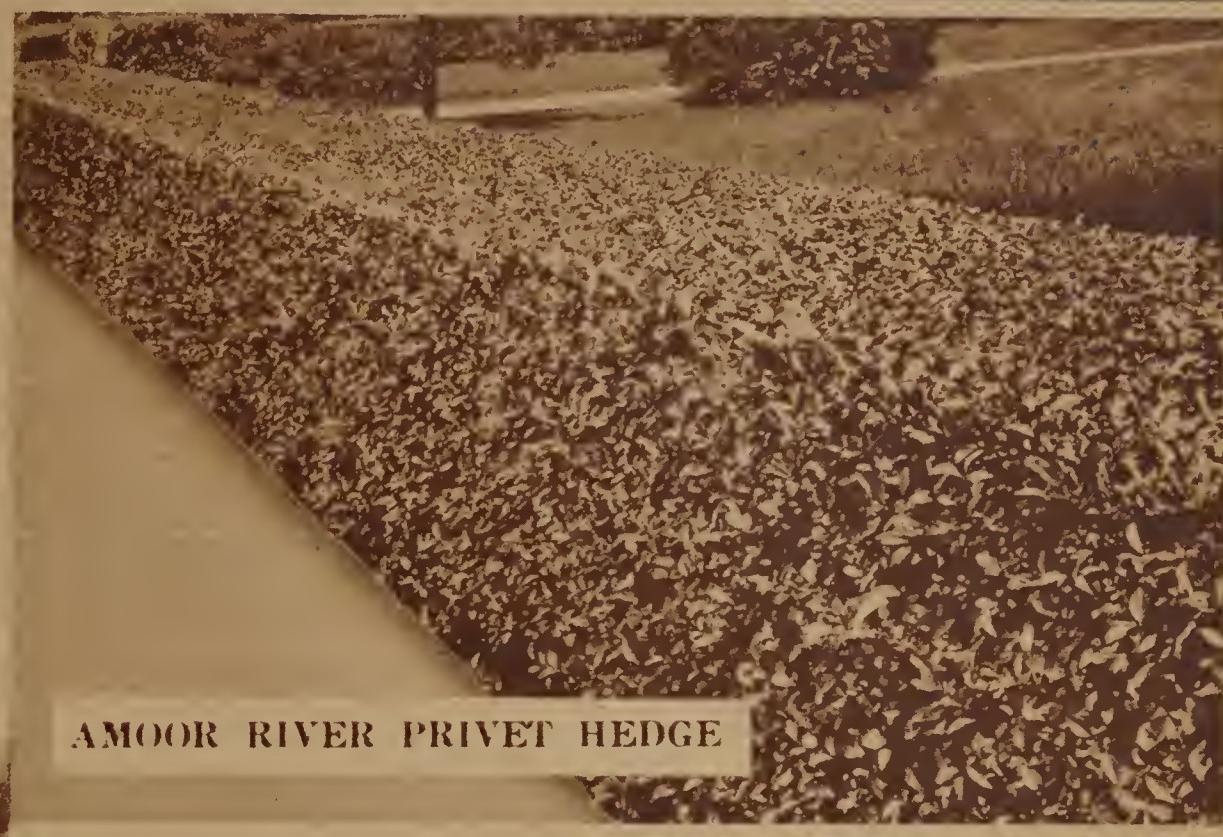

KRIDER'S HARDY

**HEDGES****HARDY  
AMOOR RIVER PRIVET****—The Hedge Supreme**

Foliage shiny dark green, leaves medium large. Not subject to blight. Very hardy. Rapid grower. White flowers followed by tiny red berries. Plant 9 to 12 inches apart and prune severely for a dense, stocky hedge.

**2-year, 18 to 24 inch, well branched, 25 for \$1.75;  
\$5.00 per 100, by express**

**Note:** We sell 50 of any variety of hedge at the 100 rate.

**AMOOR RIVER PRIVET HEDGE****BUSH HONEYSUCKLE HEDGE****BUSH HONEYSUCKLE**

Grows to a height of 8 to 10 feet with upright and somewhat spreading branches and bright green foliage. Bright branches and bright green foliage. Bright pink flowers are borne freely in May and June and are followed by showy red berries which ripen in midsummer and cling to the bush for several weeks. This is the best shrub in our nursery for a high, compact hedge, for a screen, or to attract birds.

**2-yr., 18 to 24 in., \$8.00 per 100;  
25 for \$3.00, by express**

**HOW TO PLANT A HEDGE**

Dig a trench 10 to 12 inches deep and width of spade. Set plants a couple of inches deeper than they stood in the nursery row; the lower branches should be under ground to prevent open spaces at base of hedge. Privet should be set 10 inches apart; if a dense hedge is desired plant double row 8 inches apart each way. Privet should be cut back to 8 inches after planting to promote vigorous growth. Plant barberry in a similar manner, about 18 inches apart.

**GREEN JAPANESE BARBERRY  
America's Most Popular Hedge**

Most commonly used low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Bright berries in great numbers stay on through winter. Perfectly hardy. grows on poor soils. May be pruned any time.

**9 to 12 in., \$3.00 per 100; 25 for \$1.00, postpaid**

**RED-LEAF JAPANESE BARBERRY**

Popular for grouping and for edging taller plantings and evergreens. Glossy purplish maroon leaves. Makes a brilliant, colorful hedge

**9 to 12 in., 25 for \$3.00; \$8.00 per 100, postpaid**

**SPIREA VAN HOUTTEI**

America's most popular shrub. Profuse clusters of tiny white blooms cover the sweeping branches in May and June. Delicately cut leaves stay bright green until autumn, then turn to shades of bronze and yellow. Grows tall but may be pruned at any time. Makes a beautiful flowering hedge.

**2-yr., 18-24 in., 25, 2.50; \$8 per 100, by express**

**GREEN JAP BARBARY HEDGE**

# Krider's PLUMS

**ITALIAN PRUNE.** Possibly the handsomest and finest of all Prunes for home use or as fresh fruit for the market. Large, dark purple, sweet. One of the best for canning. Excellent for drying. Plant a few trees and dry your own for winter use.

**BURBANK.** Tree a vigorous grower and an early and very heavy bearer. Fruit very large, yellowish in color with red cheek in the sun. Extremely small pit. Middle of June.

**LOMBARD.** Medium violet-red. Juicy and delicious. Hardy and exceedingly productive. Called the favorite canning plum. Sells high on the market. Ripens in August.

## Order From Krider

ITALIAN PRUNE.

**ABUNDANCE.** A pinkish-red Plum ripening in mid-season. Thrives anywhere. A regular and heavy bearer. No orchard is complete without it.

**YELLOW EGG.** Very creamy yellow, flesh yellow and of fine quality. Large egg shape. A good variety for Middle West. Ripens end of August.

LOMBARD.

ORANGE  
QUINCE

## APRICOTS

In addition to its value as a fresh fruit it is superior for canning and drying, vast quantities being used for this purpose every year. There is always a market for Apricots at good prices, and the planter need have no fear of over-production.

**MOORPARK.** One of the largest and finest Apricots. Yellow with red cheek; flesh orange, sweet, juicy and rich; parts from the stone. Very productive.

**ROYAL.** A fine, large French variety; fruit roundish, oval, large, slightly compressed. Skin dull yellow with an orange cheek, very faintly tinged with red. Flesh pale orange, firm and juicy, with a rich, vinous flavor. Ripens the latter part of July.

2-Yr. 3-4 ft. trees, 75c Each; 3 for \$2., Postpaid

### QUINCE TREES

Require a minimum of attention and are very profitable for market. No home garden is complete without a few.

**ORANGE (Apple)** A large, bright golden yellow, excellent in flavor. A fine Quince for domestic use. October.

Price, 3 to 4 ft., 75c each, Postpaid; \$7. for 10. bv Express.

MOORPARK.

# Wonderful APPLES

## NEW DOUBLE RED DELICIOUS

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree where the foliage is very thick the color is outstanding.

**DOUBLE RED DELICIOUS**

## YELLOW DELICIOUS

Similar to Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine-grained, crisp, juicy and melting and really delicious. The tree is a hardy and vigorous grower and forms a strong beautiful head capable of bearing enormous loads.

**PRICES:** 1 yr., 3-4 ft., 40c each, postpaid; 10, \$3.50; 100, \$25 by express. 2 yr., 4-6 ft., 60c each; 10 for \$5.00; 100, \$40, by express. Bearing size, \$1.00 each; 10, \$9, by express.

**YELLOW DELICIOUS**

**RED NORTHERN SPY.** To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and prolific productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity found in this perfected tree. Comes into bearing twelve years earlier than the old Northern Spy, bearing fruit in six years instead of the eighteen years formerly required.

**RED NORTHERN SPY**

EARLY-BEARING

# APPLES

## APPLES FOR PROFIT

Old orchards are dying out, few new ones are being planted. Why not capitalize on this condition and in a few years you will reap handsome profits. Plant an orchard.

### RED STAYMAN

Most profitable market variety. It has large size, bright red color, great productiveness, and best quality to commend it. The tree is a vigorous grower, is irregular and drooping in habit, and adapts itself readily to different soils and situations. Drought resisting. Season, November to February.

GRIMES GOLDEN

## Favorite Winter Varieties

### GRIMES GOLDEN

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking apple. Tree is hardy, vigorous upright grower, and is heavy regular bearer.

### TOLMAN SWEET

A very large sweet apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

### RED ROME BEAUTY

The great profit maker. It has an established place in the markets and no orchard should be without it. A red apple with good keeping qualities. It bears at a very early age and will prove successful anywhere.

RED ROME BEAUTY

### RED JONATHAN

### McINTOSH

Large, deep crimson, and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

### RED JONATHAN

A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer. November to April.

**PRICES OF ALL VARIETIES ON THIS PAGE:** 1-Yr. 3' to 4' 35c Ea., Postpaid; 10 for \$2.75 100 for \$22.50 by Express. 2-Yr. 4' to 6' 50c Ea., 10 for \$4.00, 100 for \$30.00, by Express.

**EARLY-BEARING**

# APPLES

Strong, heavy, well rooted trees, sure to grow for you, and especially budded for early bearing.

## Best Summer Varieties

### YELLOW TRANSPARENT

Medium white, changing to lemon yellow, smooth waxy surface; of good quality, with crisp flesh; very early, and, for an early apple, an unusually good keeper. Valuable for market. July and August.

### EARLY HARVEST

Size, medium, shape roundish, usually more or less oblate, smooth, bright straw color when ripe; flesh nearly white, flavor rich acid; fine. Season July. Productive.

### MAIDEN BLUSH

## Best Fall Varieties

### WEALTHY

The most dependable and widely planted fall apple. Bright red, striped. Medium to large in size. Hardy and a free grower.

### MAIDEN BLUSH

A medium to large pinkish apple. Very firm, white flesh. Acid flavor vigorous and productive.

Plant an orchard. It will repay your efforts many times either for your own use, or for commercial purposes.

### WEALTHY

### CRAB APPLE

Whitney. The tree is hardy, thrifty, upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

# PEACHES

## MIDSEASON VARIETIES

**HALE HAVEN.** In this new, hardy, rot-proof Peach, almost as large and fine as the Elberta itself, we have a peach of great market value, a large roundish Peach, with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet and of superior flavor. A big, early yellow skinned Peach of high quality, is sure to be in great demand. September 1st.

**CHAMPION (Free).** Large, round, quite regular yellowish white, mottled with red on sunny side, flesh white with red at the pit; one of the best in quality. For nearby markets and home use it is the best variety we know of. A good healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

HALE HAVEN

### GOLD DROP (Free)

The almost translucent golden colored flesh of this Peach renders it exceedingly attractive in market, where it sells at highest prices. The tree is hardy and bears early; profitable. Late September.

2 Year, 2-3 foot, 25c Each, Postpaid; 10, \$2.00; 100, \$18.00 by Express

2 Year, 3-4 foot, 40c Each, Postpaid; 10, \$3.50; 100, \$25.00 by Express

## Sensational New Peach, "Hardee" Pat. No. 120

HARDEE TREE HAS BUMPER CROP AFTER 18 DEGREES

BELOW ZERO. END WINTER KILLING

Popular old varieties are failing to bear after sub-zero cold spells. Hardee has been recognized by the United States Government as possessing extraordinary cold resisting qualities.

A vigorous grower and sturdy, the Hardee is intermediate between J. H. Hale and Elberta in habit. It is yellow, freestone, highly colored and with firm flesh of the best quality.

### PRICES OF "HARDEE"

## IMPROVED CURRANTS

LONDON MARKET. Bush vigorous and upright. Fruit medium to large, dark red color and of a sprightly acid flavor. Very productive.

PERFECTION. Late introduction cross between Fay's Prolific and White Grape and combines the best qualities of both. Berry bright red and large. Clusters average longer and size of berry is maintained to end of bunch. Perfection's quality is superior to anything on the market today. Flavor rich and mildly sub-acid with plenty of pulp and few seeds.

CHERRY CURRANT. Red, sub-acid, very large. Is prolific and a good variety for home use or market.

Prices All Varieties: 20c each; 10 - \$1.75 postpaid; 100 for \$15.00 by express.

## RHUBARB (Pie Plant)

MILLER'S CREAM. Raised from the stock of the famous old truck gardener of near Bristol, Indiana, who cornered the rhubarb market in and around Elkhart, because of the marvelous flavor of his rhubarb. The pies made from it had the flavor of peaches, and so it was called peach flavored pie plant. Since his death we have succeeded in obtaining his entire stock, and we have 10,000 stalks at this time. We are offering this to our customers at the same price as the common variety. Be sure and send for a dozen of these plants with your order. We call it "Miller's Cream," and offer \$25.00 for a dozen stalks that will excel it in size, season, and quality.

15c Each; \$1.00 per dozen; \$5.00 per 100, by express

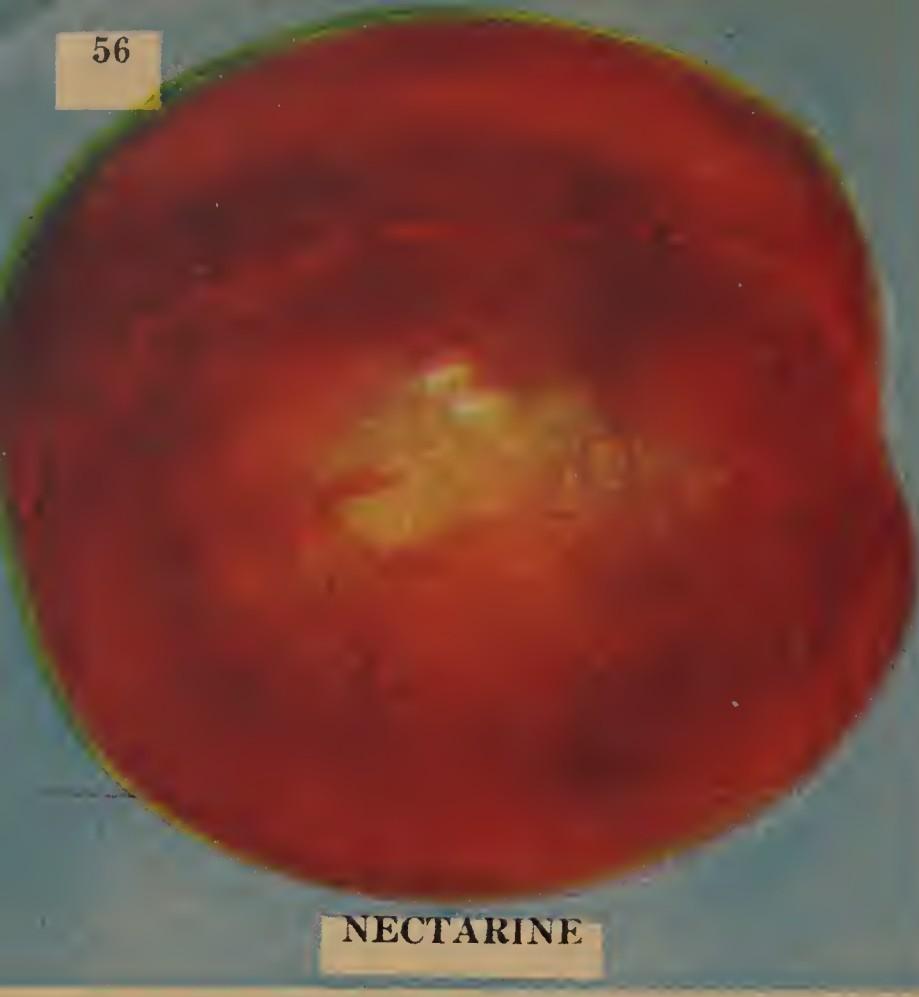

MILLER'S CREAM.

Martha Washington

## ASPARAGUS (Martha Washington)

The first vegetable to come out of the spring garden—delicate and delightful in flavor; 100 roots will supply a small family and will last for years. Set 10 inches apart in rows. Spread the roots out in bottom of hole and fill in as plant grows, so that roots will be about 4 inches deep. 2-yr. old. 50c per doz; 100 \$2.50, Postpaid; 1000, \$10, by express.

NECTARINE

# 2 New Fruits EVERY HOME SHOULD HAVE

## NECTARINE

One of the most sensational as well as delicious fruits ever introduced. A cross of Peach and Plum.

Fruit is large, juicy and melting to the taste. It is unequalled for use as a fresh fruit or for canning. Color is a deep orange-red, with golden blush. Flesh is fine-grained and of a beautiful reddish color

carried clear to the pit. Freestone and easily prepared for canning or drying. When it is more generally known we predict that it will become one of America's most popular fruits. Order now and start a few trees. You will be repaid many times when you start picking this new fruit. Has same habit of growth and bearing as the peach and requires the same care. We have a limited supply of heavy 2-yr. 3 to 5 ft. trees at 85c each or 10 for \$7.50, by Express.

# KRIDER'S NEW JAPAN DREAM

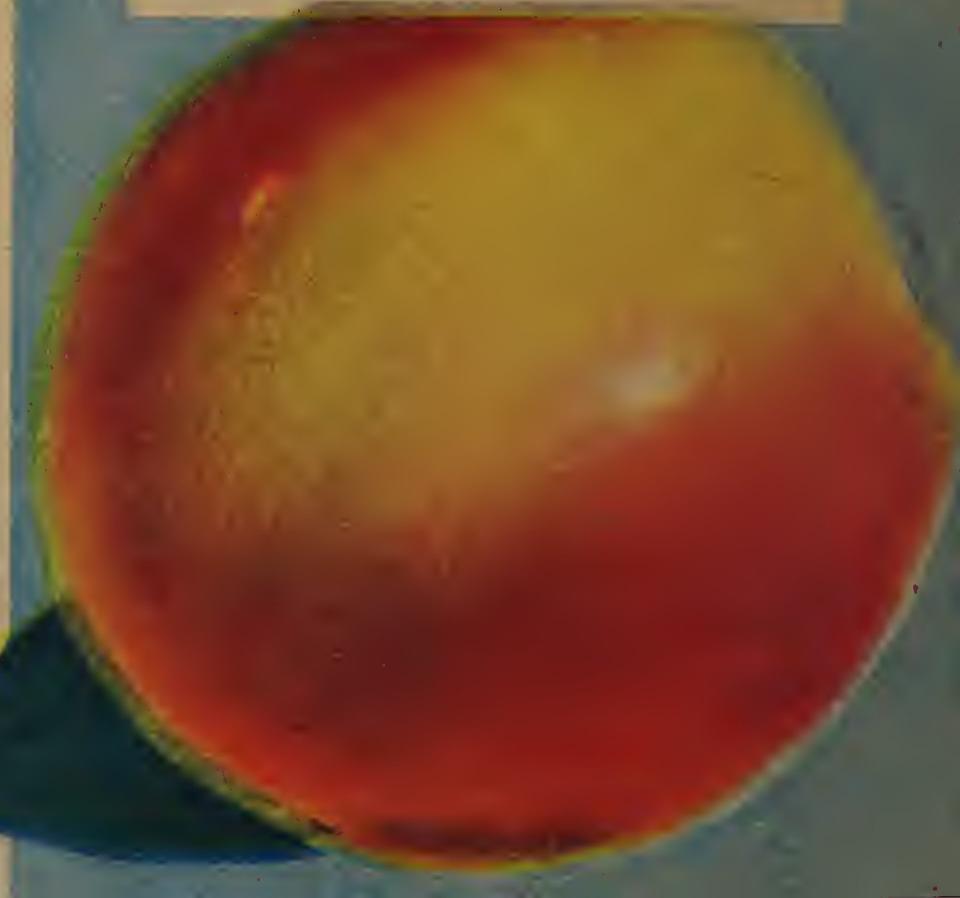

## HARDY YELLOW FREESTONE

**THE REWARD FOR YEARS OF EFFORT.** For many years, sparing neither effort nor expense, we searched for the perfect peach. At last we feel we have found it. With pride we offer to our customers the peach without a fault—Japan Dream. Now! Earliest of all peaches, Japan Dream, hardy yellow freestone. Ripens in July.

## JAPAN DREAM

An outstanding peach. The result of years of most constant observation and selection. This is the earliest freestone peach grown today. Brought to northern Indiana by Mr. D. A. Davis where it has proven to be a money-maker. This peach ripens its crop in July before any other variety of peach comes on the market. A very sweet, tender, and excellent flavored peach. A yellow freestone with red markings carried to the pit. This peach is extremely hardy, standing severe winter weather and seldom failing to produce a crop. If you want a peach for commercial purposes or home use, Japan Dream answers the demand. We have only a limited number and offer them at 75c each. Postpaid

# GRAPES

## SELECTED VARIETIES

### Best Black or Blue Varieties

**CONCORD.** One of the most popular and reliable varieties we possess. Bunch large, compact and shouldered. Berry large and round and almost black, with blue bloom. Juicy and delicious with a very sweet buttery flavor.

**MOORE'S EARLY.** A large grape ripening a week earlier than Concord. Good grower. Berries large and of a good quality. Makes a good moderate yield and is very valuable as an early grape.

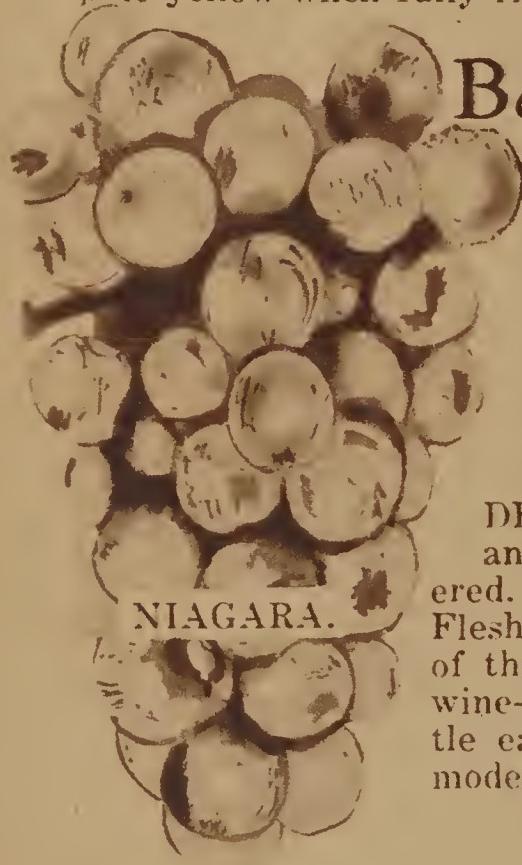

**WORDEN.** Seedling of the Concord, which it greatly resembles in appearance and flavor although the berries are larger. The fruit is held to be better flavored. Ripen several days earlier than Concord. These qualities give it foremost rank among native Grapes.

CONCORD.

### Best White Variety

**NIAGARA.** Occupies the same position among the white varieties as Concord among the black. Branch and berries large, greenish white changing to pale yellow when fully ripe. Skin thin but tough. Quality much like the Concord.

NIAGARA.

### Best Red Varieties

**AGAWAM.** Bunch large and shouldered. Berry large, reddish brown, tender, vinous and of excellent flavor. Very vigorous and productive and one of the best of its class.

**BRIGHTON.** Bunch large, shouldered. Berries medium to large, round dark-red, tender, more juicy than pulpy, slightly aromatic. Ripens early.

**DELAWARE.** The bunches are small and compact and are sometimes shouldered. Berries small with thin but firm skin. Flesh juicy, very sweet and refreshing and of the best quality for both table use and wine-making. Ripens with Concord or a little earlier. Vine is hardy, productive and a moderate grower.

**PRICE:** All Varieties, No. 1  
2-year-old Vines, 15c each;  
\$1.50 per dozen, Postpaid;

## BLACK RASPBERRIES We Recommend 2 of Equal Merit

### CUMBERLAND

CUMBERLAND. Largest black raspberry known; unusually strong grower, perfectly hardy. The most profitable Raspberry grown.

### QUILLEN

A fine new blackcap about the same size as the Cumberland. Quillen fruits heavily, fully one week later than any other black raspberry. Strong, sturdy, healthy canes. A splendid kind for either home, garden or market. It originated south of Indianapolis, a cross between the Cumberland and Hopkins. We are introducers of this berry to the trade. We purchased the original strain 15 years ago and have sold it in every state in the Union.

### How to Grow Raspberries

New growth starts from the crown in the mass of hair-like roots; these should be planted shallow, crown not more than one in. below the surface. Rows 5-6 ft. apart, plants 3-4 ft. apart in the row. Firm the dirt around each plant. Keep surface of ground loose. Ground should be carefully prepared by deep plowing. 1745 plants to acre; 5 ft. apart each way.

### RED RASPBERRIES—Latham

Latham is the finest Red Raspberry ever produced. Extremely large in size, larger than all of the common reds, and when ripe is a beautiful bright red color. Then, in addition to this unusual size, it is the hardiest of all Raspberries, giving fine results even to the Canadian line. Its flavor is truly delicious and the crop is remarkably heavy, sometimes extending over a month. In every way, the Latham stands supreme.

### CHIEF

CHIEF. A new product from Minnesota achieved after 14 years' experimenting, with the purpose of replacing the old King by a superior type of Latham breeding. Chief will not rival Latham, but supplements it by ripening 10 days earlier and so holding that wonderful type for picking an extra long season.

### BLACKBERRIES

Blackberries do best on good soil, clay and sand mixture preferred, set in rows 6 feet apart and 2 feet apart in rows. 3500 are required per acre. Give the boy a chance to try his mettle by letting him start a patch. He won't have any desire to leave the farm if he is successful in raising fruit. The El Dorado is perfectly hardy and will prove a source of profit. Beware of the Erie, Wilson, Jr., Lawton and their like; they will not stand our winters.

### EL DORADO

Eldorado. Largest hardy Blackberry grown. Free from rust and the best money-maker here. Canes grow upright, perfectly hardy. Begins to ripen in July and continues late. Sells for highest market price.

# Krider's Quality Strawberries

GEM EVERBEARER

## MASTADON EVERBEARER

The most popular of all everbearing strawberries. Fruit ninety days after planting. It is of immense size, a sure cropper, of choice quality, and a vigorous grower. These qualities make Mastadon the ideal berry to plant. Much prized by those who grow berries for market. Starts bearing early in the season and continues long past frost. Beautiful dark red color and excellent flavor. 25, 50c; 100, \$1.25, postpaid; 500, \$5.50; 1000, \$10 express

## NEW GEM EVERBEARER

The "Nth Degree of Strawberry Perfection" in size, color, flavor, productivity and growing habit. A mouthful of melting flavorful strawberry deliciousness. And the New Gem holds that flavor from the first spring ripening until cold weather, never getting the grassy flavor of other varieties. Fruit is very large and uniform from the first picking until the last and so firm it will stand an unusual amount of handling and hauling. Even 36 hours after picking New Gem is in good market condition, firm and solid. Very hardy, resistant to drought and not subject to leaf blight. Good plant makers on any soil and although the plants themselves are somewhat smaller than the Senator Dunlap they are every bit as prolific. A marvelous spring variety which produces large crops the first season and continues throughout the season. Berries ripen all the way to their tips and redden clear through. Prices of New Gem: 25, 50c; 100, \$1, postpaid; 500, \$4.50; 1000, \$8, express

## DORSETT

6,640 quarts to the acre. This new variety was originated by the United States Department of Agriculture. It is a scientific cross between the Premier and the Royal Sovereign, an English variety. Dorsett is one of the firmest berries known and has a dark green foliage, holding the color through the season. Dorsett berries are larger than Premier. Color is bright red and retains color long after picking.

## FAIRFAX

The quality berry. Another late introduction, like Dorsett, by the U. S. Department of Agriculture. Very good foliage, which means a good fruiting berry. Berries are large and a little darker than Dorsett. Good quality, splendid shipper, a wonderful keeper.

Huntertown, Ind.  
R. R. 1.

The Strawberry plants I got last spring are wonderful, and they are going to have loads of berries.

D. H. S.

# Krider's Quality Strawberries

GROW YOUR OWN STRAWBERRIES AT A COST OF LESS THAN 1c PER QUART

## NEW GRAND CHAMPION

The universal favorite of commercial growers. Vigorous, hardy, extra early, self-pollinating. Less affected by drought, rain or frost, than any other variety. The robust plants with long roots, heavy crowns and many runners develop wide solid fruiting rows and ripen heavy crops of largely uniformly bright and flavorful berries. This is the fresh bright berry so popular on summer markets, bringing 65 to 95 cents more per crate than common varieties.

25 for 50c—100 for \$1.00, Postpaid;  
500 for \$3.50—1,000 for \$6.00, by Express

**NEW GRAND CHAMPION**

## PREMIER

A money-making, frost-proof Strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for Premier plants for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market.

25 for 50c—100, \$1, Postpaid—500, \$3.50—1000, \$6, by Express

PREMIER

Perhaps no other Strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial uses. 25 for 50c—100, \$1, Postpaid—500, \$3—1000, \$6, by Express.

## SENATOR DUNLAP

Extra late pistillate (female). Best late Strawberry ever put on the market. Has received more compliments and praise than any other extra late variety on record. Absolutely dependable. A splendid shipper and a wonderful keeper. Kellogg's Big Late should be planted with another variety for fertilization. Any of the varieties on this page will prove satisfactory.

25 for 50c; 100 for \$1.00, Postpaid;  
500 for \$3.50; 1000 for \$6.00 by Express

## GIBSON

Midseason. This variety has long been a favorite with commercial growers throughout the country. It is a heavy and sure cropper. Fruit is of finest color, quality, flavor, and appearance. Berries large, selling well on any market and mighty fine for home use.

25 for 50c; 100 for \$1.00, Postpaid;  
500 for \$3.50; 1000 for \$6.00, by Express

### The Quality of Strawberry Plants

In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants or are better than some others, but we have bought plants from some that make such claims in different parts of the country and have never received any better than we sent out. In some cases we had to throw away half of the plants as their crowns were broken or they were so small it was not worth it to plant them. We guarantee the plants we send out to be as large and as fine as you get anywhere (no matter what you pay), and to be put up in as good condition. If grown side by side, under like conditions, that they will produce as much and as good fruit.

# 62 Testimonials From Round The World Attest to Krider's Honesty, Fair Dealing, and Quality Stock

1253 Sierra Avenue,  
Honolulu, Hawaii,  
April 9, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: This is to acknowledge receipt of your plants in first class condition by Wednesday boat and I wish to thank you very much for your good judgment in selecting plants to substitute those damaged by railroad wreck during the first shipment.

I have shown the plants to various friends, loaned your catalog out, and spoken about your fair deal. I hope that in the near future I can show them that mainland plants can be imported and planted in Hawaii successfully.

Yours very truly,  
F. K. F. H.

Prescott, Ariz.  
April 12, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: You recently sent me an order of 3 Rhododendrons, \$1.00 postpaid. They arrived in splendid condition. I noticed you paid 32¢ postage on the shipment. You can't make much on a dollar order at that rate. I enclose the 32¢ to reimburse you.

Yours truly,  
A. M. C.

Midland, Tex.  
March 1st, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

The nursery stock I received in the fall is doing nicely and I have recommended you to several friends and loaned my catalog to a friend who has moved away. One friend sent you an order, and I know she is very much pleased with her stock.

Yours very truly, Mrs. L. C. L.

Cuba, Missouri,  
March 8, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I bought a collection of peach and apple trees from you last year and am well pleased with them. They withstood the terrific heat and drought of last year and all of them lived. None were watered at any time. Am enclosing check for \$3.05 in payment of the present order. Very truly yours,

Mrs. O. E. H.

Winslow, Ariz.  
March 19, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I received part of my order and I never saw better stock in a long time or at all before.

Thanks to you. It should grow if not, I am to blame. B. F. C.

Oakville, Wash.,  
April 7, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Dear Sirs: Received the Rhododendrons yesterday and they sure are fine. It was the best bargain I ever had in such plants. They can not help but grow, and I have them planted among my others. I may order more next year.

Yours very truly, G. W. N.

Miamisburg, Ohio,  
June 10, 1937.

Gentlemen: The direct reason for my writing today is because our whole neighborhood is in ecstasy over the planting of roses from your nursery.

Thirty-three of the thirty-five are living and blooming their dear little heads off!

I cut thirteen exquisite blooms today, including Mrs. McGredy, Van Rossem,

DuPont, Pres. Hoover, McGredy's Sear-

let, Rev. Roberts, and Chateau de Clos

Vongeot. And what specimens they are!

Dear Sirs: We received your lay-

Anrrora, Ill.,  
April 23, 1937.

Krider's Nurseries: Received my plants yesterday and I want to than you for the neat looking bulky package, second for the way each plant was wrapped and labeled, and third for the delight to my eyes when I opened the Magnolia plant and a large pink bud greeted me. Everything was just right, and such healthy looking stock. We planted them as carefully as they were dug. May I say there wasn't a broken end or bud. Again thanking you to say I am pleased. I know I have some very choice plants. I am a new customer, and I hope to make more for you. Sincerely,

Mrs. C. C. T.

Lake Mills, Wis.

May 22, 1937.

Received the apple tree in good shape. Thank you. Am well pleased with your stock.

W. E. V.

Forty-two years of just  
and fair dealing result in  
thousands of testimonials  
like those on this page.

Huchow, Chekiang, China,  
Jan. 9, 1937.

Dear Mr. Krider: I want to tell you that I have never received any roses from you in such fine condition as these were. They are truly splendid. Also, the peonies were perfect, good eyes, none hurt at all. The wooden tags enabled me to plant the things in the proper places, and I thank you for such care in marking them. Once more accept my thanks. Very sincerely,

Mrs. W. A. Estes.

Panllena, Iowa,  
Aug. 17, 1937.

The Krider Nurseries, Inc.,  
Middlebury, Indiana.

Gentlemen: I bought your Azalea collection and they are all doing fine.

# TESTIMONIALS FROM EVERY STATE IN THE UNION COMPLETE ADDRESSES CAN BE FURNISHED UPON REQUEST

Buffalo, Iowa  
Feb. 22, 1937

Dear Sirs:

The raspberry plants we ordered from you two years ago arrived here in fine condition and grew well, and we had fine success with them.

H. N. B.

Minneapolis, Minn.  
April 5, 1937

Gentlemen:

Would very much appreciate getting your catalog for this season. Received a shipment from you last year for eight separate items and wish to express my appreciation on the quality of your shrubbery and trees received. They were exactly as represented in your catalog of 1936. In fact, they were better. Shipment reached me in perfect condition, especially the Umbrella Tree, which really was a surprise as to a perfect specimen. As a rule shipments received from other nurseries have been small, scrawny and usually a disappointment.

Yours very truly,  
A. H. I.

Hartford, Conn.  
May 20, 1937

I received plants OK Saturday A.M., the 15th, and thank you for being so prompt.

Mrs. A. M. B.

Bellingham, Wash.  
April 5, 1937

Gentlemen:

Just to let you know I received my strawberry plants OK. Thanks for good count. The moss was still damp on them when they got here and I set them out the same day received. Now they are taking on new life. Thank you also for the garden book which I believe is going to be very useful.

Respectfully yours,  
J. A. O.

East Providence, R.I.  
April 4, 1937

Dear Sirs:

Received the goods I ordered of you OK and many thanks to you. Your stock is certainly very good. Hope I will have good luck with them.

Yours Truly,  
Mrs. F. H. E.

LaGrange, Mo.  
May 12, 1937

Dear Friends:

I am taking time to tell you that the Phlox collection came in fine condition Saturday afternoon and I set them at once. They had good roots and the buds are already showing up through the soil. I am well pleased with them.

J. W. A.

Oklahoma City, Okla.  
March 8, 1937

Gentlemen:

I want to report that the shipment of perennials and the Smoke Tree was received Saturday and in excellent condition. I am very well pleased with them. Everything was so fresh and thrifty looking and such large roots. I got them planted at once and am sure they will start growing at once.

L. N. F.

Santa Fe, New Mexico  
March 10, 1937

The trees and berries I ordered from you three years ago all lived, and we had a wonderful crop of peaches this past summer, averaging 3 bushel per tree. We are well pleased with our orders from you and want all future orders to come from you.

A pleased customer—  
J. W. T.

Tippecanoe City, Ohio  
February 11, 1937

Dear Sir:

We received the apple trees and think they are about the finest we ever saw. We would like for you to reserve more for us.

Yours very truly,  
C. E. D.

Fort Montgomery, N. Y.  
Feb. 10, 1937

Dear Sir:

I have some of your roses and they are the best around here.

E. F.

Cleveland, Miss.  
March 3, 1937

Gentlemen:

The shrubs I received from you recently were fine specimens. The lilacs were especially vigorous. I want to thank you for sending excellent plants. I will order some hardy Azaleas from you in the fall.

Very truly yours,  
J. M. M.

Pottstown, Pa.  
Feb. 22, 1937

Gentlemen:

I sent you two orders last spring, and must say that your stock was of the very highest type; all exceptionally sturdy, with the result that they all started growing immediately, and we know that we will get still better results this spring and summer.

Very truly yours,  
F. B. L.

Parma, Michigan  
May 11, 1937

Gentlemen:

I received my shipment of trees, shrubs and plants in excellent condition. I cannot say enough to express how pleased I was with the stock. Everything was so much larger than I expected. Unpacking the shipment was just one exclamation of pleasure and amazement after another.

G. H.

Eagle Bridge, New York  
May 8, 1937

Gentlemen:

I want to tell you how well satisfied I am with my stock from your nurseries. Every item ordered this spring is growing well.

R. M. C.

Moberly, Mo.  
Sept. 5, 1937

Gentlemen:

Had wonderful luck with my roses bought from you in the spring. All 28 lived. My Magnolias also have done well and two of them bloomed. Several of my friends are going to order from you this fall and spring.

A. B.

Muncie, Ind.  
Sept. 7, 1937

Gentlemen:

I have another nice order for you but am holding it until spring so as to take advantage of your liberal discount for early orders. You may quote me as saying that your plants are the finest that I have ever purchased from any nursery and the prices are the lowest, quality considered.

G. A. S.

Danvers, Mont.  
May 3, 1937

Gentlemen:

Nursery bundle came today and planted at once. Order was correct. No shortage. Everything was in perfect condition. Rose bushes were all and more than one had a right to expect. Planted as directed. Thanks for such treatment.

T. H.

# Take Advantage of Krider's Free Landscape Offer

## MODERNIZE Your Home Surroundings

The first step necessary in planning the planting new grounds or the re-arranging of an old planting is to secure plans, incorporating your ideas along with competent advice and the ideas of trained landscape designers.

Believing that our customers will be glad of the opportunity to secure this service we have arranged a plan whereby you may receive complete plans for your planting at no cost.

Here is the plan. Send us a rough layout of your grounds, the portion you wish to landscape, giving all measurements, sizes of buildings, location of fences, trees, etc., and any other information which you think necessary for us to have, together with any ideas you may particularly want us to include in the plans. If possible, send along a snapshot or photo showing the style of the house, location of building, etc. Enclose a check or money order for the amount shown in the table below, according to how much you wish to spend. We will prepare the plans, give an exact estimate of the cost of the material, and send you our receipt for the amount you have advanced for the plans. Then when you order the planting material we will accept that receipt as so much cash on your order as shown on the table below. Thus your plans do not cost you one penny.

### TAKE ADVANTAGE OF THIS SERVICE WE KNOW YOU WILL BE PLEASED

Our landscape men are thoroughly trained and skilled in their work. They are as anxious to please you as though they were personally at your home planning to beautify it for the generations to come.

# Two Beautiful "Glories of the Garden"

**3 for  
only \$2.48  
postpaid**

**ROYAL**

**FLAME**

**TORCH**

## Hardy Azaleas---Easy to Grow

Three gorgeous, new varieties of HARDY AZALEAS. Two from Japan, one from Korea. After exhaustive tests we can conscientiously recommend these 3 varieties for color and hardiness. Let Flame, Torch and Royal light your garden and lawn this spring. FLAME: Flowers in flaming shades of red, yellow and orange in large clusters, extremely hardy. TORCH: Tall growing variety producing great torch-like clusters of vivid orange red to salmon pink flowers. Hardy in any latitude. ROYAL. The grand Korean variety. Masses of rosy pink flowers flecked with brown. Sturdy, hardy. Plant Azaleas in partial shade and in a semi-acid soil. This acidity may be obtained by working peat moss in around the roots when planting. All orders shipped by us will have sufficient peat moss around the roots of each plant to insure successful growth, if that amount is mixed well in around roots when planted.
